By And About Women An Anthology Of Short Fiction:

By and about Women Beth Kline Schneiderman, 1973 **The Short Story Anthology and Women's Writing** Aleix Tura Vecino, 2025-08-14 Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now. This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood. Through creative and contextualised readings of the most important anthologies produced in this period, this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo. In doing so, the book also develops the first book-length conceptualisation of the features and meaning-making mechanisms of the short story anthology as a literary form. This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide. Contemporary Women's Short Stories Susan Hill, 1995 Authors include Sylvia Plath, Janet Frame, May McCrory, Angela Carter, Nadine Gordimer and Margaret Atwood. **Nineteenth-century Short Stories by Women** Harriet Devine Jump, 1998 Brings together 28 stories by women including Maria Edgeworth, Mary Shelley, Elizabeth Gaskell and Margaret Oliphant. The anthology includes a full scholarly introduction, author biographies, full explanatory notes and critical commentary. Rozlyn Heather Adams, Mafaz Al-Suwaidan, 2015-08-04 Inside this anthology you'll find death for fame and glory, the re-emergence of the extinct and the need for space as pressing as the need for human companionship. You'll find music and air and a longing for things that can no longer be had. You'll find that winning and losing are not black and white, that being a damsel and being distressed are not mutually exclusive and that sometimes when the people we love most run away from us, they run back even faster. A collection like no other on the shelf joins in the celebration and support of women writers. **Woman's Part**, 1984

Women and Men and Women William Smart, 1975-04 **Heroines Anthology** Sarah Nicholson, Caitlin White, 2020-11-15 The Heroines Anthology presents a challenging mythological, historical and imagined. Strongly Worded Women Debby Dodds, Claudine Griggs, 2018-11-20 One question that Not a Pipe Publishing has received many times since taking on Kamila Shamsie's challenge to make 2018 the Year of Publishing Women is 'Why? My response is 'Why not? Why are some people so afraid of a Year of Publishing Women when we've already had Centuries of Publishing Men? When one looks at the classics of literature that are taught in school, who do we see? We see William Shakespeare and George Orwell, Edgar Allan Poe and Leo Tolstoy and the list of white men continues. In contrast, how many classic women authors are there? Only Jane Austen and the Brontë sisters come to the forefront of most minds with the occasional Mary Shelley or Virginia Woolf. It is an undeniable fact that the publishing industry had favored works by white men for centuries. This is a result of the patriarchal

white centric society that has thrived in most parts of the world It is the result of a lack of equal rights and education not a result of inherent talent Yes these male authors and books shaped the world I don t disagree However I invite you to think about how many books by women and people of color could have also shaped the world if only they d been given the tools education and time I will step off my soap box now to say this I am deeply grateful to Not a Pipe Publishing for taking on the Year of Publishing Women and for giving me this project to lead Companies like Not a Pipe and people like the Gormans give me hope for our world because a diverse world that celebrates all of its voices is a better world I have been so humbled by the many story submissions we received throughout the year and I m so grateful this short story project was a success When I was selecting which stories to include in the anthology not an easy series of decisions in the slightest I kept thinking about a theme to center the anthology around but I kept hitting a wall All of these stories are as unique and individual as the authors who wrote them and I struggled to come up with a unifying theme until I realized the strength behind each piece You will notice that each one of them has a message or element of strength behind it that will blow you away and destroy any doubts you have about the power of women No longer will women and people of color and members of other marginalized communities be kept silent We will fight for our words and our stories because we can change the world too Sydney Culpepper Editor

Arab Women Writers Dalya Cohen-Mor,2005-05-19 A collection of sixty short stories by women writers from across the Arab world **Women on Women** Joan Nestle,Naomi Holoch,1990 The 29 stories in the volume range from the daring and erotic Eat by Sapphire to Dorothy Allison s energetic Southern tale A Lesbian Appetite to Valerie Miner s suspenseful Trespassing Whether its the joy or loss of love the difficulty of family relations or the pain of death these stories bring to life the unique lesbian experience *Studies in Short Fiction* ,1974 **Short Fiction by Saudi Arabian Women Writers** ,1999 This book displays selected works of the first generation of Saudi Arabian Women fiction writers
