A. Hailey, Education: From K-12 to Higher Education Soles, Brooke, Meyerott, Theresa, 2025-05-22 Diverse leadership in education is crucial for fostering inclusive and equitable learning environments across all levels of the education system From K 12 schools to higher education institutions leadership plays a pivotal role in shaping policies curriculum and school culture Embracing diversity in leadership enhances the overall educational experience by ensuring that all voices are heard and valued and it allows underdeveloped voices to be heard Allowing diverse voices in leadership is essential for addressing systemic inequalities while also promoting innovation and preparing students for a globalized world where diverse perspectives are key to success Exploring diverse leadership across educational levels provides insight into how these varied perspectives can positively impact both institutional practices and student outcomes Diverse Leadership Perspectives in Education From K 12 to Higher Education provides an overview of leadership's evolving purpose and scope containing research practical strategies and examples of complex problems in the educational system and how having a diverse voice in leadership can help solve these problems It explores the assets of diversity multiple perspectives and the role of students in the educational landscape This book covers topics such as educational technology gender and diversity and information science and is a useful resource for educators sociologists academicians and researchers **How to Save the Internet** Nick Clegg, 2025-09-04 A wake up call we cannot afford to ignore TONY BLAIR A vital read for anyone building or regulating the next era of technology REID HOFFMAN The global open internet is fragmenting As democracies seek to rein in the power of Big Tech as Silicon Valley pivots to an America first agenda as authoritarian regimes such as China and Russia segregate their populations from the rest of the internet the most powerful tool ever created for bringing the world together risks being dismantled Taking us behind the scenes at Meta and his interactions with world leaders Nick Clegg Meta s former President Global Affairs sets out where Big Tech has gone wrong how Silicon Valley's insularity has blinded it to its missteps and the radical reforms of the global platforms that are now needed if they are to secure a long term future But he also makes the case that many of the charges against them including that their algorithms polarise manipulate and harm are vastly overstated or simply untrue And while new laws that regulate these corporations are essential imposing national borders on the internet cannot be the answer That will fatally undermine its capacity for knowledge sharing collaboration education trade medical and scientific research and ultimately for the improvement and empowerment of billions of lives

Radical reasonable deeply felt and disarmingly honest How To Save the Internet sets out a blueprint for the global cooperation we need in order to reform Big Tech while preserving the fundamental openness of the internet on which our future so depends A gripping and timely book Nick Clegg writes with clarity authority and urgency PETER FRANKOPAN
