AI-assisted Programming for Web and Machine Learning Dr. Muralidhar Kurni, 2025-10-08 DESCRIPTION Artificial intelligence is redefining how software is created, enabling developers to code faster, improve accuracy, and bring innovative ideas to life. In today's competitive technology landscape, AI-assisted programming is no longer optional; it's a core skill for building modern web applications and machine learning solutions. This book systematically guides you through the whole development cycle. You will start with the foundations of understanding AI-assisted programming, setting up your environment, and mastering prompt engineering. You will then discover how AI can accelerate front-end and back-end web development, enhance debugging, and optimize performance. You will also explore data preprocessing, model creation, training, and deploying optimized solutions with the help of real-world examples, case studies, and hands-on exercises ensuring you can apply every concept in practice. Also, by mastering prompt engineering, you will be able to generate, debug, and optimize code across both these high-demand fields. By the end of this book, you will have the confidence and skills to integrate AI into your workflow, automate time-consuming tasks, build intelligent applications, and deliver impactful, future-ready solutions. WHAT YOU WILL LEARN Apply prompt engineering effectively for web and ML projects. Develop AI-powered front-end and back-end applications efficiently. Automate debugging, testing, and performance optimization with AI. Integrate AI tools seamlessly into full-stack development workflows. Train, fine-tune, and deploy scalable ML models in the cloud. Understand AI-assisted programming concepts and set up development tools. Preprocess data and create AI-driven machine learning pipelines. WHO THIS BOOK IS FOR This book is for learners who want to explore the power of AI-assisted programming in web development and machine learning. Software engineers, web developers, and data scientists who possess foundational programming skills.
