Silicon Dominion David W. Rolston PhD,2024-11-19 This book provides an expert s view of Artificial Intelligence AI and explains why many observers fear that intelligent machines could overwhelm humanity in the foreseeable future It describes how the key objective of some researchers is to use AI to become God and grant eternal life to a new race of superhumans that they hope to create by combining humans with intelligent machines The book begins by defining AI and describing how it works and then presenting both the benefits and risks associated with AI development past present and future It focuses on why Generative AI the form of AI that is currently emerging represents a unique point in the 50 year history of AI development and explains why it presents enormous potential benefits and enormous risks The last third of the book describes how future forms of AI may be focused specifically on attempting to crush Christianity and replace it with a new correct religion It also discusses how AI may be a sign of the coming of the End Times and describes how AI may be used as a tool of dark forces during that time Lastly it suggests how Christians should prepare for this challenging future

Employability Gretchen Purser,Rick Delbridge,Markus Helfen,Andreas Pekarek,2025-08-18 Arguing that employability has an elusive character that renders it in dire need of sustained critical analysis Employability provides a much needed framework for thinking about the enigma of employability and for critically reappraising its consequences

The Web We Weave Jeff Jarvis,2024-10-08 A bold defense of the internet arguing attempts to fix and regulate it are often misguided essential reading for anyone who cares about the future of the internet Taylor Lorenz author of Extremely Online The internet stands accused of dividing us spying on us making us stupid and addicting our children In response the press and panicked politicians seek greater regulation and control which could ruin the web before we are finished building it Jeff Jarvis is convinced we can have a saner conversation about the internet Examining the web s past present and future he shows that many of the problems the media lays at the internet s door are the result of our own failings The internet did not

make us hate we brought our bias bigotry and prejudice with us online That s why even well intentioned regulation will fail to fix hate speech and misinformation and may instead imperil the freedom of speech the internet affords to all Once we understand the internet for what it is a human network we can reclaim it from the nerds pundits and pols who are in charge now and turn our attention where it belongs to fostering community conversation and creativity online The Web We Weave offers an antidote to today s pessimism about the internet outlining a bold vision for a world with a web that works for all of us
