Secrets Of Machine Learning: How It Works And What It Means For You Tom Kohn,2024-03-14 Cutting through the mass of technical literature on machine learning and AI and the plethora of fear mongering books on the rise of killer robots Secrets of Machine Learning offers a clear sighted explanation for the informed reader of what this new technology is what it does how it works and why it s so important The surge in computer processing power along with the sheer quantities of training data available means machine learning is

now possible in ways wholly unthinkable just five years ago Computers can recognize potential lung cancer better than doctors detect fraud better than bankers and create fake video almost impossible to tell from the real thing And next they are likely to drive our cars Journalist and news product manager Tom Kohn gets to the heart of the revolutionary new technology that is developing all around us explaining with precision how the different facets of machine learning work how companies are using it and why it is permeating all parts of society right now The book guides readers through the arcane science and jargon in a clear and understandable way but is detailed enough that it doesn't gloss over the hard technical concepts If you want to know why Siri sometimes misunderstands you how Netflix recommends your movies and how machine learning will affect your job read this book

LiveJournal and Russian Disinformation J.J. Sylvia IV, 2025-11-13 In LiveJournal and Russian Disinformation J.J. Sylvia IV analyzes the role of blogging platform LiveJournal in Russia's information warfare strategy examining its evolution and co-optation as a case study Through rigorous analysis Sylvia demonstrates how epistemic sabotage became central to the Kremlin's efforts to manipulate truth and more broadly how the ever increasing reach of the internet and social media platforms can be weaponized by authoritarian regimes to disrupt knowledge systems and destabilize democracies While the growing ubiquity of the internet and its networks have ushered in countless opportunities and benefits on individual organizational and international levels Sylvia emphasizes the double edged sword of the new risks that must be considered in turn As fascism is on the rise worldwide and anti democratic governments wield social media as a tool to stoke division and spread disinformation among citizens worldwide democratic countries being no exception he contends that understanding this tactical shift is critically relevant not only to the Russian context but also to the challenges of navigating truth and democracy on a global scale in the 21st century LiveJournal and Russian Disinformation coherently identifies documents and interprets the logics and implications of this evolution in warfare leaving readers with a more nuanced understanding of the platform as an early battle in a new digital arena one which is not likely to be the last
