theme is social inclusiveness Librarians should always keep in mind the political dimensions of public library service and assure that all sectors of the populations share in the benefits of library service Readers in search of guidance concerning what librarians should do will find plenty of that here EDITOR **The Utne Reader** ,2002 Social Machines James Hendler,Alice M. Mulvehill,2016-09-20 Will your next doctor be a human being or a machine Will you have a choice If you do what should you know before making it This book introduces the reader to the pitfalls and promises of artificial intelligence AI in its modern incarnation and the growing trend of systems to reach off the Web into the real world The convergence of AI social networking and modern computing is creating an historic inflection point in the partnership between human beings and machines with potentially profound impacts on the future not only of computing but of our world and species AI experts and researchers James Hendler co originator of the Semantic Web Web 3 0 and Alice Mulvehill developer of AI based operational systems for DARPA the Air Force and NASA explore the social implications of AI systems in the context of a close examination of the technologies that make them possible The authors critically evaluate the utopian claims and dystopian counterclaimsof AI prognosticators Social Machines The Coming Collision of Artificial Intelligence Social Networking and Humanity is your richly illustrated field guide to the future of your machine mediated relationships with other human beings and with increasingly intelligent machines What Readers Will Learn What the concept of a social machine is and how the activities of non programmers are contributing to machine intelligence How modern artificial intelligence technologies such as Watson are evolving and how they process knowledge from both carefully produced information such as Wikipedia and journal articles and from big data collections The fundamentals of neuromorphic computing knowledge graph search and linked data as well as the basic technology concepts that underlie networking applications such as Facebook and Twitter How the change in attitudes towards cooperative work on the Web especially in the younger demographic is critical to the future of Web applications Who This Book Is ForGeneral readers and technically engaged developers entrepreneurs and technologists interested in the threats and promises of the accelerating convergence of artificial intelligence with social networks and mobile web technologies **Subject Guide to Books in Print** ,1996 *PC AI* ,2001 *Dwell* ,2005-01 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines **Catalog of Copyright Entries.
