Must Know Youtube Shorts Ideas Ideas In Usa:

Common Good Dean Abbott,2021-09-30 In an age of moral confusion people are looking for answers The conflicting demands of our time and the cultural and social upheaval that we witness daily have left people confused and exhausted Many are looking for resources to help them understand current developments timeless truths and the relationship between the two This book can help Here the author examines a number of character qualities vices and virtues we all encounter daily Through attending to these we can bring greater clarity into our personal lives and relationships Moreover through avoiding the vices and cultivating the virtues examined here we can greatly improve our chances of living lives marked by peace meaning and happiness

The Ideas That Rule Us Chris Grocott,2024-10-07 It may seem surprising that the economic choices we make in society are often determined by ideas rather than scientific evidence or financial resources The consequences of such choices are often stark such as the austerity policies which eroded our ability to withstand crises like the Covid 19 pandemic This book explores the ideas that rule how our economy works how government operates and how workers organise A small number of historical economic ideas remain stubbornly prevalent and powerful today However they are largely based on questionable assumptions about human behaviour and unproven theoretical ideas about economics They were founded within the realms of philosophy and politics rather than hard science This book illustrates how politicians have selectively borrowed convenient economic concepts in order to promote and defend policies which entrench and escalate inequalities and other structural problems This accessible book invites readers to question the ideas that rule us and explore the challenges facing society It invites progressive thought about how we need to urgently organise action for the future
