Business Process Reengineering A Management Handbook 2nd Ed

Sanjay Mohapatra

Business Process Reengineering A Management Handbook 2nd Ed:

Open Government: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2019-09-06 Open government initiatives have become a defining goal for public administrators around the world As technology and social media tools become more integrated into society they provide important frameworks for online government and community collaboration However progress is still necessary to create a method of evaluation for online governing systems for effective political management worldwide Open Government Concepts Methodologies Tools and Applications is a vital reference source that explores the use of open government initiatives and systems in the executive legislative and judiciary sectors It also examines the use of technology in creating a more affordable participatory and transparent public sector management models for greater citizen and community involvement in public affairs Highlighting a range of topics such as data transparency collaborative governance and bureaucratic secrecy this multi volume book is ideally designed for government officials leaders practitioners policymakers researchers and academicians seeking current research on open government initiatives

Trapped in Between Ahmad Faisal, 2006 Trapped In Between is about the global realities in managing projects It is about people trying to understand what makes their project works or makes it worse Project managers discovered that attempting to balance projects purely on technical and financial viabilities were never good enough and has often led to many disappointments The circus of project failures demanded that somebody or something to take the fall Set against a typical major global company in Malaysia this book amplifies the underlying realities that affect projects and project management as a whole It is about the DOPer Syndrome that suffered by many fresh blood induced into the company and the realities of project s politics that has long rooted within many organisations If juggling the projects basing on just technical and financial realities are project managers nightmares inclusion of political realities will make any project manager delusional

Understanding New Media Kim H. Veltman, 2006 This book outlines the development currently underway in the technology of new media and looks further to examine the unforeseen effects of this phenomenon on our culture our philosophies and our spiritual outlook
