and worried about your mother She s having a hard time with everything We stayed there in silence just being together for a few moments Holding his hand the heavy words finally left my mouth SYou know Dad you can trust me to be sure that Mom is okay I will take care of her no matter what He responded quietly SI know Studying and caressing my dad s hand I knew there was one more important conversation that the voice in my heart insisted upon SDad I know that this is getting to be really tough for you If staying here becomes too hard it s okay to let go During the following few weeks I watched my 89 year old Mom experience a renewed sense of purpose and increased strength as she doted on my dad and met his needs as best she could Some days were better than others Most nights were difficult when Dad s heart pain was significantly worse and his level of anxiety escalated Often my mom would pass the hours by reading to Dad Although her eyesight was clouding she still managed to read the newspaper column by column or inspirational short stories she found in the stack of magazines beside their bed Amazingly dawn nearly always brought ease and comfort for them both And so the nights and days continued REFLECTION Difficult subjects sometimes need to be discussed You might be asked by others to deliver bad news news of someone s death a life altering diagnosis or even the necessity for a change in residence Each conversation carries the potential for unleashed emotions My advice No matter how difficult or emotional don t leave words left unsaid People if capable of understanding deserve information Often they are much stronger than we realize Words are powerful They carry courage condemnation reassurance or permission Choose them wisely as your words may be the ones that bring freedom from pain or suffering It s tough but I know you can do it and if you listen to that voice inside you will know exactly the right time and the right words Be Strong *You d Better Not Die Or I ll Kill You* Jane Heller,2012-10-31 Heller thought she d found her dream man until he turned out to be a frequent flier the term doctors and nurses use to refer to patients who land in the E R more often than the average person goes to Starbucks Here Jane shares her experiences of looking after her chronically ill husband and offers practical guidance for handling it all without drowning She provides advice on staying healthy while caring for a loved one and learning to communicate with medical staff Caregiving Oliver J. the must do items which are based on his experiences that can be used as a reference guide and adapted to your individualized situation Every patient is different and in order to earn the Caregiver of the year award you must find what works best for them The most important issue is to realize that a severely disabled person needs to be treated with respect and dignity Unfortunately too many handicapped patients are disposed of like a useless piece of furniture or parked out of sight at some poorly run institution What would you want to happen to you should you ever be disabled as a result of an accident or disease REMEMBER it can happen to anyone anytime including YOU
