Butterflies And Bottlecaps:

Butterflies and Bottlecaps Eliza Clark, Vladyana Krykorka, 1996 A beautiful little girl with butterflies for hair feels different until she talks to another girl with bottlecaps for hair 4 6 yrs **Effervescence** Simone Brenneman, 2009-07 Imagine a beautiful little girl with long curly wild red hair spinning in circles completely delighted by all that she feels She wears a long blue dress a replica of the one Cinderella wore to the ball As you watch her you get the sense that she isn't dreaming of Cinderella in her heart and in her body she is Cinderella Now picture the same little girl lying on her tummy spinning on a merry go round dipping her beautiful long red hair in the puddle of mud that encircles the merry go round When it comes to a stop she savors the wonderful sensation of the cold mud running down her face She then submerges her entire body in the puddle as happy as can be and entirely oblivious to the stares of the people around her Now picture that same little girl in her comfortable home surrounded by a family who love and adore her Her mom asks What kind of cereal would you like Instantly her beautiful face is filled with intense emotion and she screams more like a wild animal than a child for five minutes or it may continue for two hours The only thing that might interrupt the screaming is her stopping occasionally to frantically bite her wrist hard enough to leave teeth marks Now take a peek at the same child at age twelve entering her classroom each day Her teacher marvels to herself as she watches this young girl navigate skillfully smoothly and seemingly naturally throughout the classroom There is no way a typical grade seven student could write and draw like this Her name is Genevieve and this is her true life tale It follows her amazing 18 year journey a journey that has been and continues to be remarkable **Autism: Hot Pink and Zebra-Striped** Simone Brenneman, 2013-02-22 Please note this book was originally published as *Effervescence A True Life Tale of Autism and of Courage* Please visit Simones website to view more information as well as TV and radio appearances autismembrace.com or effervescentclarity.com An excerpt from *Autism Hot Pink and Zebra Striped* Imagine a beautiful little girl with long curly wild red hair spinning in circles completely delighted by all that she feels She wears a long blue dress a replica of the one Cinderella wore to the ball As you watch her you get the sense that she isn't dreaming of Cinderella in her heart and in her body she is Cinderella Now picture the same little girl lying on her tummy spinning on a merry go round dipping her beautiful long red hair in the puddle of mud that encircles the merry go round When it comes to a stop she savors the wonderful sensation of the cold mud running down her face She then submerges her entire body in the puddle as happy as can be and entirely oblivious to the stares of the people around her Now picture that same little girl in her comfortable home surrounded by a family who love and adore her Her mom asks a simple question like Sweetie what kind of cereal would you like Instantly her beautiful face is filled with intense emotion and she screams more like a wild animal than a child for five minutes or it may continue for two hours The only thing that might interrupt the screaming is her stopping occasionally to frantically bite her wrist hard enough to leave teeth marks Would it surprise you to learn that I have just described a high functioning autistic child Now take a peek at the same child at

age twelve entering her classroom each day Her teacher marvels to herself as she watches this young girl navigate skillfully smoothly and seemingly naturally throughout the classroom Had the teacher not known her students history of autism she likely would never have guessed In her own words the only time this teacher is aware of the childs autism is when she reads the amazing stories and illustrations created by this extraordinary girl She would then muse to herself There is no way a typical grade seven student could write and draw like this Do you get the feeling that an amazing transformation has taken place Is the child no longer autistic Has she grown out of it Has she learned through behavior management to manage it Was she just a little bit autistic and now shes better There is no simple answer autism is far too complex and diverse a disorder for it to be addressed so simply But it is a fascinating disorder and this childs life has been an incredible journey Her name is Genevieve DA ,1995 *The Twelve Months* Rafe Martin,2000 Sew Marushka Weave Marushka Chop the wood Milk the cows Cut the hay and stack it Marushka The poor girl No matter what she does or how hard she tries Marushka can never please her cruel aunt and cousin Determined to be rid of her they give Marushka three impossible tasks She must bring them fresh violets strawberries and apples in the dead of winter or be cast out of their home for good Lost and freezing Marushka is without hope Then she meets the twelve months of the year seated around a fire on the mountaintop With their kind help the impossible becomes possible Without it Well as Marushka s greedy relatives are about to discover that s another story Rafe Martin and Vldyana Langer Krykorka give this timeless Slavic tale a delightful new twist [Los Angeles School Journal](#) ,1925 **Canadian Books in Print.
