By Pen By Spade An Anthology Of Garden Writing:

By Pen and by Spade David Wheeler, 1990 **By Pen & by Spade** David Wheeler, 1990 Thirty three essays from the early issues of Hortus magazine provide expert information on plants and gardening by mostly English writers The geographic range is broad with articles focusing on gardens in England the United States China Italy France and the Azores Citing specific examples four essays discuss how fiction writers use gardening in their work This small volume underscores the interest in gardening for emotional satisfaction and intellectual challenge shared by plant enthusiasts everywhere For comprehensive gardening collections **Public Garden Management: a Global Perspective** BIJAN DEHGAN, 2014-04-15 Public Gardens Management A Global Perspective provides essential information about public gardens and what is involved in designing managing and maintaining one Although suitable as a textbook its audience will include anyone with direct or peripheral responsibility for administration or supervision of a complex organization that requires scientific knowledge as well as public relations and business acumen It may also prove useful for homeowners for there is no fundamental difference between growing plants in a public garden or a home garden a fact reflected in the extensive reference citations The topic is multidisciplinary and as old as the beginning of human civilization when the concept of mental and physical restoration was realized by early man while he she was in a natural but well ordered garden environment Thus began the art of garden making Many volumes have been written on every applicable subject discussed in this and similar publications Indeed the voluminous literature on history design horticulture and numerous related subjects is nothing short of overwhelming Accordingly anyone involved in management of public gardens whether as a director or area supervisor and irrespective of the type and size of such facility would have to have familiarity with various aspects of garden organization and administration However despite the enormous number and diversity of such publications there are very few books that deal with the multiplicity of the topics in such a manner as to be practical in approach and cover most relevant and unified issues in a single book These volumes provide the essential background information on plants animals management maintenance fundraising and finances as well as history art design education and conservation They also cover a host of interrelated subjects and responsible organization of such activities as creating a childrens garden horticultural therapy conservatories zoological gardens and parks hence administration of multidimensional public gardens Nearly 500 full color plates representing illustrations from gardens in more than 30 countries are provided to assist and guide students and other interested individuals with history and the fundamental issues of public garden management The 15 chapters begin with the need for public gardens types of public gardens historical backgrounds as well as design diversity Numerous quotations are included from many garden lovers landscape architects philosophers and others The authors primary aim in writing this book was based on the confidence that a relevant reference between the encyclopedic nature of some and the specific subject matter of others could be used to provide fundamental information for management of public as well as private gardens The

boundary between botanical and zoological gardens and parks is no longer as distinct as it once was In part it is because a garden is not a garden without plants and in part it has become apparent that for all practical intents and purposes all animals need plants for their survival Visitors of zoological gardens expect to see more than just animals zoos are landscaped grounds Moreover most communities find it financially difficult to simultaneously operate a botanical garden or an arboretum as well as a zoological garden and city parks A number of public gardens are currently referred to as botanical and zoological garden Population density and the public's desires and expectations as well as financial requirements are among the reasons for some major city parks such as Golden Gate in San Francisco Central Park in New York City and Lincoln Park in Chicago which integrate botanical or zoological divisions as well as museums and recreational facilities While this book attempts to provide basic principles involved in public garden management it does not claim to be a substitute for broader familiarity

California Garden ,1990 *A Glimpse of Green* Laurie Critchley,1996 Fine Gardening ,1991 **Newsletter** ,1991 *Library Journal* ,1991-07 **The Generous Garden** David Wheeler,1991 An anthology from the second year of Hortus the privately published periodical founded by the gardening writer Plant Talk ,2000 **The New York Times Book Review** ,1991-10 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **HortIdeas** ,1990 The Garden ,1991 **The Countryman** ,1991 The Cumulative Book Index ,1991 A world list of books in the English language Whitaker's Book List ,1991 *The Publishers Weekly* ,1999 **The Oxford Book of Garden Verse** John Dixon Hunt,1993 There have been poems about gardens for as long as there have been gardens Gardens have been all things to all men and women paradoxical sites of pleasure and pain of safety and danger art and nature public spaces and private retreats places of physical labour and metaphysical reflection This diversity and versatility have always attracted poets whose repertory of garden themes on the page matches what garden makers have achieved on the ground In this anthology successive historical periods of gardening from enclosed garden and landscape park to Victorian flower garden and modern patio are mirrored in verse from the Middle Ages to the present day While poets have eagerly seized upon the metaphorical associations gardens inspire they have also been attracted to the opportunities they offer for description both romantic and robust As well as being microcosms of society either perfectly maintained or ill kempt and overrun where love can blossom alongside the flowers or withering and decay may presage death they are sites of real human labour The gardener is here celebrated as much as his creation as are his mundane tasks of weeding and making compost mowing lawns and tending the allotment In his Introduction John Dixon Hunt identifies certain themes that recur throughout a selection that ranges from Chaucer to Pope Marvell to Tennyson Coleridge to Fleur Adcock W B Yeats to Anthony Hecht and Rudyard Kipling to Anne Sexton Particularly fertile in modern examples this anthology is a riot of literary talent to match the most abundant of gardens **Writing Home** Constance Rooke,1997 A sequel to *Writing Away* the acclaimed and successful travel anthology

Writing Home is a rich provocative and entertaining collection of pieces on the highly personal subject of home by forty four celebrated Canadian authors and personalities Among them Margaret Atwood brings her wit to bear on the language of home Wayson Choy discovers a long lost mother Ron Graham reflects on Quebec s possible separation Greg Hollingshead elects a weather dock as quintessential home Rohinton Mistry tells a cautionary tale of a king downsizing his kingdom Michael Ondaatje finds a strange home when ill in Sri Lanka he sees his own death broadcaster Shelagh Rogers confirms the dream like power of the cottage Carol Shields reveals images of home carried with her while abroad Linda Spalding writes movingly of the death of her brother Jane Urquhart revisits through memory the vanished world of a mining settlement north of Lake Superior The Spectator ,1986
