## Debating Crime:

**Debating Crime** David W. Neubauer, 2000-08 DEBATING CRIME focuses on important controversies in the U S criminal justice system It includes a variety of readings devoted to such hot topics as gun control the death penalty race and gender issues prison privatization and the war on drugs Most issues are framed in an opposing viewpoint format encouraging students to think more critically about these controversies *Debates in Criminal Justice* Tom Ellis, Stephen Savage, 2013-03-01 This innovative new book recognises that while criminal justice studies is a core component of all criminology criminal justice undergraduate degrees it can be a confusing overwhelming and a relatively dry topic despite its importance Taking an original approach this book sets out a series of ten key dilemmas presented as debates designed to provide students with a clear framework within which to develop their knowledge and analysis in a way that is both effective and an enjoyable learning experience It is also designed for use by lecturers who can structure a core unit of their courses around it *Debates in Criminal Justice* provides a new and dynamic framework for learning making considerable use of the other already available academic key texts press articles web sources and more **Making Sense of Criminal Justice** G. Larry Mays, Rick Ruddell, 2018-06 Rather than providing students with the answers *Making Sense of Criminal Justice Policies and Practices Third Edition* challenges them to think critically about how the criminal justice system deals with challenging situations like the use of force by the police and offers a framework for lively classroom discussions and debates Debates Natal (South Africa). Legislative Council, 1909 **Striking the Balance** Matthew Lippman, SAGE Publications, Inc., 2016-12-22 Award winning professor and author Matthew Lippman enhances teaching and learning with his newest text *Striking the Balance Debating Criminal Justice and Law Organizing the book around clashing points of view on contemporary issues in criminal justice and criminal law* Lippman puts each debate into context for students to help them develop a better understanding of the issue Designed to develop the reader s critical thinking skills the text offers students summaries of contrasting views from original sources questions for classroom discussion and engaging You Decide activities Additionally chapter topics are independent of one another giving instructors the flexibility to customize the material to their individual course organization Edited to minimize technical legal terms the text is the perfect companion to any criminal law or introductory criminal justice textbook **Debates** Canada. Parliament. Senate, 1905 Cobbett's Parliamentary Debates Great Britain. Parliament, 1875 Journal and Debates Missouri. Constitutional Convention, 1923 *Visual Criminology* Johannes Wheeldon, 2021-10-01 This edited collection captures the expertise of scholars from the US the UK Australia and Canada to catalog the rise in visual approaches in criminology It presents examples of visual methods uses and approaches in criminology assesses the potential for new graphic approaches to collect analyze and present data and provides some analysis of the use of images in teaching to spur social critique and guide policy translation The collection visually connects theory and practice by highlighting the work of criminologists who have embraced the visual turn Contributors explore the

use of cognitive maps concept and mind maps life history calendars CCTV life plots GIS and hot spot research policy graphs visual abstracts and research summaries and other visual tools in the context of criminology Approaches building on visual sociology are also featured including a discussion of developments in documentary photography and film visual ethnography and sensory phenomenology The book is organized thematically with each chapter following logically upon the last introducing readers to a variety of visual approaches and their application in criminology The goals of this collected volume are three fold The first is to highlight how the visual has been used in criminology historically to present data contest meaning and complicate social control and make more transparent the research process The second is to work toward some sort of definitional consistency While a worthy endeavor this remains elusive given the assortment of uses and varying traditions from which visual criminology has emerged The third is to try to think clearly about the role of humility This means a willingness to acknowledge an epistemological framework and note the variety of limitations associated with trying to understand in deep and meaningful ways For visual criminology specifically it involves the recognition that part of the power of images whatever their construction comes from whether we think they are beautiful or whether and or to what extent they disrupt our understanding in one way or another This interdisciplinary book will be of interest to criminologists sociologists visual ethnographers historians and those engaged with media studies It is a valuable supplementary text for courses in introductory criminology and criminal justice criminological theory research methods and other upper level and senior capstone courses
