Deconstructing America Immigration Nationality And Statehood:

Deconstructing America Joseph E. Fallon,1998 **Power Geopolitics in the Pacific Age** C. D. Bay-Hansen,2011
Power Geopolitics in the Pacific Age East Asia the United Nations the United States and Micronesia at the Edge of the 21st Century 1991 2001 is not only a historical review of the Pacific Rim and Pacific Islands throughout the 1990s but also a prognostication of the entire area for the coming century The Journal of Social, Political and Economic Studies ,2000
A Country of Our Own David C. Martinez,2004 **The Social Contract** ,1999 Race and the American Prospect
Samuel T. Francis,2006 *Chronicles* ,1998 *The Barnes Review* ,1998 **Forthcoming Books** Rose Arny,1998-06
Nationalism and Global Solidarities James Goodman,Paul James,2006-11-29 Even in the face of neoliberal globalization nationalism remains a significant political force The leading contributors to this new volume explore the extent to which nationalism can be a foundation for alternative solidarities Against the axiom that with globalization all that is solid melts into air this anthology debates the extent to which different forms of solidarity remain viable from the solidarities of local political groups to the solidarities of nationalism internationalism and alternative globalisms Organized into three sections the book addresses the relationship between the contemporary formations of nationalism globalism and solidarity movements Part 1 offers a framework for understanding globalization and discusses the effect of globality on nationalism Part 2 addresses the logics of nationalisms in globalizing contexts respectively liberal nationalism left nationalism post colonial nationalism and revivals of nationalism Part 3 addresses issues of solidarity and integration in a world of nationalism and globalism asking how differing forms of connectivity may be emerging disrupting prevailing oppositions and relations focusing on social movements and solidarity Offering the first detailed study of the relationship between globalization and nationalism Nationalism and Global Solidarities will be of strong interest to students and scholars of politics sociology and international political economy **Florida State University Law Review** Florida State University. College of Law,1998 **Sociological Abstracts** ,2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Crítica** ,1995 *The British National Bibliography* Arthur James Wells,2009 *Народна творчість та етнографія* ,2008 Americans in Waiting Hiroshi Motomura,2007-09-17 Although America is unquestionably a nation of immigrants its immigration policies have inspired more questions than consensus on who should be admitted and what the path to citizenship should be In *Americans in Waiting* Hiroshi Motomura looks to a forgotten part of our past to show how for over 150 years immigration was assumed to be a transition to citizenship with immigrants essentially being treated as future citizens *Americans in waiting* Challenging current conceptions the author deftly uncovers how this view once so central to law and policy has all but vanished Motomura explains how America could create a more unified society by recovering this

lost history and by giving immigrants more but at the same time asking more of them A timely panoramic chronicle of immigration and citizenship in the United States Americans in Waiting offers new ideas and a fresh perspective on current debates

Making Americans, Remaking America Louis DeSipio, Rodolfo O. de la Garza, 1998-03-20 In a historical overview of U S immigration the authors examine legislative and legal battles being waged over immigration policy whether minority issues can be resolved by developing a more explicit settlement policy and whether the contract between state and immigrant would change if we fully understood the immigrant s legitimate needs

Transforming Politics, Transforming America Taeku Lee, Subramanian Karthick Ramakrishnan, Ricardo Ramírez, 2006 Over the past four decades the foreign born population in the United States has nearly tripled from about 10 million in 1965 to more than 30 million today This wave of new Americans comes in disproportionately large numbers from Latin America and Asia a pattern that is likely to continue in this century In *Transforming Politics Transforming America* editors Taeku Lee S Karthick Ramakrishnan and Ricardo Ramirez bring together the newest work of prominent scholars in the field of immigrant political incorporation to provide the first comprehensive look at the political behavior of immigrants Focusing on the period from 1965 to the year 2020 this volume tackles the fundamental yet relatively neglected questions What is the meaning of citizenship and what is its political relevance How are immigrants changing our notions of racial and ethnic categorization How is immigration transforming our understanding of mobilization participation and political assimilation With an emphasis on research that brings innovative theory quantitative methods and systematic data to bear on such questions this volume presents a provocative evidence based examination of the consequences that these demographic changes might have for the contemporary politics of the United States as well as for the concerns categories and conceptual frameworks we use to study race relations and ethnic politics Contributors Bruce Cain University of California Berkeley Grace Cho University of Michigan Jack Citrin University of California Berkeley Louis DeSipio University of California Irvine Brendan Doherty University of California Berkeley Lisa Garcia Bedolla University of California Irvine Zoltan Hajnal University of California San Diego Jennifer Holdaway Social Science Research Council Jane Junn Rutgers University Philip Kasinitz City University of New York Taeku Lee University of California Berkeley John Mollenkopf City University of New York Tatishe Mavovosi Nteta University of California Berkeley Kathryn Pearson University of Minnesota Kenneth Prewitt Columbia University S Karthick Ramakrishnan University of California Riverside Ricardo Ramirez University of Southern California Mary Waters Harvard University Cara Wong University of Michigan Janelle Wong University of Southern California

A Nation by Design Aristide R. ZOLBERG, Aristide R Zolberg, 2009-06-30 According to the national mythology the United States has long opened its doors to people from across the globe providing a port in a storm and opportunity for any who seek it Yet the history of immigration to the United States is far different Even before the xenophobic reaction against European and Asian immigrants in the late nineteenth century social and economic interest groups worked to manipulate immigration policy to serve their needs In *A Nation by Design*

Aristide Zolberg explores American immigration policy from the colonial period to the present discussing how it has been used as a tool of nation building *A Nation by Design* argues that the engineering of immigration policy has been prevalent since early American history However it has gone largely unnoticed since it took place primarily on the local and state levels owing to constitutional limits on federal power during the slavery era Zolberg profiles the vacillating currents of opinion on immigration throughout American history examining separately the roles played by business interests labor unions ethnic lobbies and nativist ideologues in shaping policy He then examines how three different types of migration legal migration illegal migration to fill low wage jobs and asylum seeking are shaping contemporary arguments over immigration to the United States *A Nation by Design* is a thorough authoritative account of American immigration history and the political and social factors that brought it about With rich detail and impeccable scholarship Zolberg's book shows how America has struggled to shape the immigration process to construct the kind of population it desires *Debating American Identity*

Linda C. Noel, 2014-02-27 In the early 1900s Teddy Roosevelt New Mexico governors Miguel Antonio Otero and Octaviano Larrazolo and Arizona legislator Carl Hayden along with the voices of less well known American women and men promoted very different views on what being an American meant Their writings and speeches contributed to definitions of American national identity during a tumultuous and dynamic era At stake in these heated debates was the very meaning of what constituted an American the political boundaries for the United States and the legitimacy of cultural diversity in modern America In *Debating American Identity* Linda C Noel examines several nation defining events the proposed statehood of Arizona and New Mexico the creation of a temporary worker program during the First World War immigration restriction in the 1920s and the repatriation of immigrants in the early 1930s Noel uncovers the differing ways in which Americans argued about how newcomers could fit within the nation state in terms of assimilation pluralism or marginalization and the significance of class status race and culture in determining American identity Noel shows not only how the definition of American was contested but also how the economic and political power of people of Mexican descent their desire to incorporate as Americans or not and the demand for their territory or labor by other Americans played an important part in shaping decisions about statehood and national immigration policies *Debating American Identity* skillfully shows how early twentieth century debates over statehood influenced later ones concerning immigration in doing so it resonates with current discussions resulting in a well timed look at twentieth century citizenship
