Deeper Into Movies:

Screenwriting Down to the Atoms: Digging Deeper Into the Craft of Cinematic Storytelling Michael Welles Schock, Many books on screenwriting claim to have all the answers Yet quite often the more an aspiring writer reads the more confused they become by contradictory statements incomplete perspectives and methods that fail to do more than scratch the surface Screenwriting Down to the Atoms was written to end the confusion It picks up where the best leave off and makes up where the rest fall short by looking closer and digging deeper to reveal the true principles behind great cinematic storytelling Screenwriting Down to the Atoms takes the basics far beyond the basics Rather than the superficial approaches found in many guides Screenwriting Down to the Atoms explores screencraft from the inside out It boils the craft down to its simplest elements and then builds upon those fundamentals in a step by step manner clear enough for anyone to understand Most importantly rather than command writers to imitate WHAT tends to work in this or that movie Atoms explains HOW movie structures work and WHY they are so effective revealing flexible principles that may be applied to any story Structure should adapt to the needs of the story not the other way around Whether you are working on your first screenplay or your fifteenth Screenwriting Down to the Atoms provides knowledge found in no other source You will discover storytelling's golden key an elegantly simple structure residing behind all other structures You will learn to satisfy viewers by fulfilling their wants needs and expectations You will understand how the most entertaining story experience arises from the creative control of information Most writers toil for years to learn these principles With Atoms you may take a giant leap forward from the very start Why remain stuck in the dusty short sighted methods of the past century Screenwriting Down to the Atoms offers the next generation screenwriting guide for the next generation of screenwriters **The Limits of**

Auteurism Nicholas Godfrey, 2018-05-10 The New Hollywood era of the late 1960s and early 1970s has become one of the most romanticized periods in motion picture history celebrated for its stylistic boldness thematic complexity and the unshackling of directorial ambition The Limits of Auteurism aims to challenge many of these assumptions Beginning with the commercial success of Easy Rider in 1969 and ending two years later with the critical and commercial failure of that film's twin progeny The Last Movie and The Hired Hand Nicholas Godfrey surveys a key moment that defined the subsequent aesthetic parameters of American commercial art cinema The book explores the role that contemporary critics played in determining how the movies of this period were understood and how in turn strategies of distribution influenced critical responses and dictated the conditions of entry into the rapidly codifying New Hollywood canon Focusing on a small number of industrially significant films this new history advances our understanding of this important moment of transition from Classical to contemporary modes of production *Clint Eastwood* Richard Schickel, 2011-04-27 Through extensive exclusive interviews with Eastwood and the friends and colleagues of a lifetime Time magazine film critic Richard Schickel has penetrated a complex character who has always been understood too quickly too superficially Schickel pierces Eastwood's

monumental reserve to reveal the anger and the shyness the shrewdness and frankness the humor and powerful will that have helped make him what he is today of photos *James Agee and the Legend of Himself* Alan Spiegel, 1998 James Agee's literary reputation has grown enormously since his death in 1955 He wrote novels short stories poetry film criticism screenplays and investigative journalism but these accomplishments earned him only a modest public reputation during his brief life Ironically Agee's greatest recognition as a writer came posthumously when his novel *A Death in the Family* won the Pulitzer Prize In *James Agee and the Legend of Himself* Alan Spiegel examines these accomplishments and treats Agee not simply as a celebrity journalist or Depression writer but as a self-interrogating literary artist who created a homemade legend from his earliest family memories sifting his experience through an automythology composed of his mother his father and himself

Barbra Streisand Neal Gabler, 2016-04-26 Barbra Streisand has been called the most successful talented performer of her generation by *Vanity Fair* and her voice said pianist Glenn Gould is one of the natural wonders of the age Streisand scaled the heights of entertainment from a popular vocalist to a first rank Broadway star in *Funny Girl* to an Oscar winning actress to a producer and director But she has also become a cultural icon who has transcended show business To achieve her success Brooklyn born Streisand had to overcome tremendous odds not the least of which was her Jewishness Dismissed insulted even reviled when she embarked on a show business career for acting too Jewish and looking too Jewish she brilliantly converted her Jewishness into a metaphor for outsidership that would eventually make her the avenger for anyone who felt marginalized and powerless Neal Gabler examines Streisand's life and career through this prism of otherness a Jew in a gentile world a self-proclaimed homely girl in a world of glamour a kooky girl in a world of convention and shows how central it was to Streisand's triumph as one of the voices of her age

Sontag and Kael Craig Seligman, 2005-06-08 A witty and stylish assessment of the work of two icons of cultural criticism Susan Sontag and Pauline Kael Though outwardly they had some things in common they were both Westerners who came east both schooled in philosophy both secular Jews and both single mothers they were polar opposites in temperament and approach Seligman approaches both women through their widely discussed work Kael practiced a kind of verbal jazz exuberant excessive intimate emotional and funny Sontag is formal and rather icy From the beginning it's clear where Seligman's sympathies lie Sontag is a critic he reveres but Kael is a critic he loves But for all his reservations about Sontag he considers both writers magnificent and his exploration of their differences results in this luminously written landmark of criticism

Made Into Movies Stuart Y. McDougal, 1985 This book enables students to investigate some of the principal elements shared by literature and film in order to achieve a better understanding of each Through a study of adaptations students are able to examine the differences between the media and thus become more knowledgeable readers of fiction as well as more perceptive viewers of film
