Deepest Legacy The Evolutionary Origins Of Cancer:

Multilevel Selection Steven C. Hertler, Aurelio José Figueredo, Mateo Peñaherrera-Aguirre, 2020-09-02 This book embeds a novel evolutionary analysis of human group selection within a comprehensive overview of multilevel selection theory a theory wherein evolution proceeds at the level of individual organisms and collectives such as human families tribes states and empires Where previous works on the topic have variously supported multilevel selection with logic theory experimental data or via review of the zoological literature in this book the authors uniquely establish the validity of human group selection as a historical evolutionary process within a multilevel selection framework Select portions of the historical record are examined from a multilevel selectionist perspective such that clashing civilizations decline and fall law custom war genocide ostracism banishment and the like are viewed with the end of understanding their implications for internal cohesion external defense and population demography In doing so its authors advance the potential for further interdisciplinary study in fostering for instance the convergence of history and biology This work will provide fresh insights not only for evolutionists but also for researchers working across the social sciences and humanities [The Fire of the Gods: Oppenheimer's Legacy - The Evolutionary History of Nuclear Age - Part I - 1938-1960](#) Rajat Narang, 2023-10-23 On July 16 1945 the Trinity Test effectively brought about the transformation of the American Prometheus into the Destroyer of Worlds along with an expedited dawn of the nuclear age as the Laws of Physics were successfully reappraised by the Homo Sapiens However the initial premise and the hopeful promise of the creation of a Super Weapon to end all wars has remained more or less a chimera for humanity even after 7 decades of its genesis The dawn of the nuclear age following Trinity and the subsequent atomic bombing of Hiroshima unleashed the Cold War era with nuclear weapons effectively becoming the Hanging Sword of Damocles as famously described by JFK with the possibility of a potential nuclear catastrophe by accident miscalculation or madness staying as a very real possibility throughout and the extinction of Homo Sapiens from planet Earth just a matter of seconds which fortunately was somehow averted on multiple occasions and humanity somehow managed to survive Part 1 of this multi part book series based on recently declassified documents by the CIA the U S State Department KGB after the end of Cold War and other international agencies focuses on the evolution of atomic age from its genesis during World War II till 1960 *The History of The National Rugby League* James Bren, Discover the thrilling story behind one of the world s most exciting sports leagues in The History of The National Rugby League Authored by James Bren this comprehensive and engaging book dives deep into the origins evolution and defining moments of the National Rugby League NRL offering readers an all access pass to the triumphs challenges and iconic personalities that have shaped Australian rugby league From the early days of the New South Wales Rugby League to the modern NRL era Bren meticulously chronicles the key events legendary teams and unforgettable matches that have made rugby league a beloved sport across Australia and beyond Whether you re a seasoned fan a budding sports historian or simply curious about the roots and rise of

rugby league this book offers a detailed and captivating narrative that is both informative and entertaining Explore the rich history of record breaking performances iconic rivalries and the strategic expansions that have propelled the NRL to its status as a powerhouse in the world of sports Bren s deep dive into the cultural and social impact of the league reveals how rugby league has not only shaped Australia s sporting landscape but also influenced its identity With insightful analysis fascinating anecdotes and a wealth of historical data The History of The National Rugby League is an essential read for anyone passionate about the game Whether you re reliving the glory days of your favorite team or discovering the league s storied past for the first time this book promises to be a treasure trove of rugby league knowledge The Oxford Handbook of Evolutionary Medicine Martin Brüne,Wulf Schiefenhövel,2019-01-31 Medicine is grounded in the natural sciences where biology stands out with regard to our understanding of human physiology and the conditions that cause dysfunction Ironically though evolutionary biology is a relatively disregarded field One reason for this omission is that evolution is deemed a slow process Indeed the macroanatomical features of our species have changed very little in the last 300 000 years A more detailed look however reveals that novel ecological contingencies partly in relation to cultural evolution have brought about subtle changes pertaining to metabolism and immunology including adaptations to dietary innovations as well as adaptations to the exposure to novel pathogens Rapid pathogen evolution and evolution of cancer cells cause major problems for the immune system Moreover many adaptations to past ecologies have actually turned into risk factors for somatic disease and psychological disorder in our modern worlds i e mismatch among which epidemics of autoimmune diseases cardiovascular diseases diabetes and obesity as well as several forms of cancer stand out One could add depression anxiety and other psychiatric conditions to the list The Oxford Handbook of Evolutionary Medicine is a compilation of up to date insights into the evolutionary history of ourselves as a species exploring how and why our evolved design may convey vulnerability to disease Written in a classic textbook style emphasising physiology and pathophysiology of all major organ systems the Oxford Handbook of Evolutionary Medicine is valuable reading for students as well as scholars in the fields of medicine biology anthropology and psychology **New Scientist** ,2000 *Storizen Magazine December 2024* | Preeti Shenoy Saurabh Chawla,Pria Raiyani,2024-12-20 Every moment is a fresh beginning T S Eliot Welcome to the December 2024 edition of Storizen Magazine As we stand at the crossroads of reflection and renewal this month s theme A Month of Reflection Renewal invites you to pause look back at the year gone by and embrace the endless possibilities of a new beginning Our cover story Preeti Shenoy Revisits Alka s Heart with her latest The Homecoming is a poignant tale of rediscovery and second chances Check out the Storizen Exclusive Feature on Page 8 inside We are delighted to share our interaction an interview with The Habit Coach Ashdin Doctor who is back with his latest book Small Steps Big Results Check it out inside This special edition also features 45 book reviews handpicked to resonate with the spirit of the season From thought provoking reads to stories brimming with hope our collection is designed to uplift and inspire as you step into a new chapter of your life As the
