Washington, 2022-11-08 What does a workplace utopia look like to you This is the question Dr Ella F Washington asks company leaders and often she hears about an ideal vision of an organization that values diversity and inclusion and wants employees to bring their whole selves to

work But how can you get there Organizations have largely missed the mark when it comes to creating environments where all employees thrive in an equal and equitable way because they treat diversity equity and inclusion DEI as a program that gets done rather than the necessary and difficult journey it is A truly inclusive workplace requires invention and reinvention mistakes and humility adaptation to a changing world constant reflection and sometimes significant sacrifice The road to an inclusive workplace is a difficult one but you can traverse it and there s help along the way Start here with stories of companies making the necessary journey including Slack PwC Best Buy Denny s and many others Hear from company leaders about their successes and failures the times they were on the vanguard and the moments they realized they had much more work to do These are profiles in perseverance from people who are keen enough to recognize the need for inclusive workplaces and humble enough to know they re not there yet Along the way Washington provides a framework for thinking about where these companies are on their journeys and where you and your company may be too Progress is hard won on the necessary journey to becoming an inclusive organization but it must be won John Lewis said it best You see something you want to get done you cannot give up and you cannot give in [Fundamentals of Computers and Data Processing with BASIC](#) Wilson T.
