 Samantha Barbas,2021-06-10 A long overdue biography of the legendary civil liberties lawyer a vital and contrary figure who both defended Ulysses and fawned over J Edgar Hoover In the 1930s and 40s Morris Ernst was one of America s best known liberal lawyers The ACLU s general counsel for decades Ernst was renowned for his audacious fights against artistic censorship He successfully defended Ulysses against obscenity charges litigated groundbreaking reproductive rights cases and supported the widespread expansion of protections for sexual expression union organizing and public speech Yet Ernst was also a man of stark contradictions waging a personal battle against Communism defending an autocrat and aligning himself with J Edgar Hoover s inflammatory crusades Arriving at a moment when issues of privacy artistic freedom and personal expression are freshly relevant *The Rise and Fall of Morris Ernst Free Speech Renegade* brings this singularly complex figure into a timely new light As Samantha Barbas s eloquent and compelling biography makes ironically clear Ernst both transformed free speech in America and inflicted damage to the cause of civil liberties Drawing on Ernst s voluminous cache of publications and papers Barbas follows the life of this singular idealist from his pugnacious early career to his legal triumphs of the 1930s and 40s and his later idiosyncratic zealotry As she shows today s challenges to free speech and the exercise of political power make Morris Ernst s battles as pertinent as ever 1920's ,1979 U.S. History 101 Kathleen Sears,2014-12-05 Perfect for readers of all ages U S History 101 is a fact filled and riveting introduction to the most important political events and figures from the last 300 years of our nation s history The stories of politicians and historic events are often turned into snooze worthy lectures that even Benjamin Franklin would reject This guide cuts out all the boring details and instead provides you with a thrilling lesson in U S history From Thomas Jefferson and the Declaration of Independence to Barack H Obama and the Great Recession each page takes you on an unforgettable journey through the moments that completely changed this country You ll also uncover hundreds of entertaining historical facts and stories that you won t be able to find anywhere else So whether you re looking to unravel the mysteries of America s past or just want to learn more about our country s presidents U S History 101 has all the answers even the ones you didn t know you were looking for *Larceny & Old Leather* Eldon L. Ham,2005 *Larceny and Old Leather* shows how baseball fans have a considerable tolerance for the bizarre not to say devious behavior of their heroes from the nasty Ty Cobb to Roger Maris asterisk and all and Pete Rose s memory lapses The Servants of Power Loren Baritz,2020-05-08 This study deals with the industrial use of those disciplines which are primarily and directly concerned with human thought and conduct in the widest sense and which do not emphasize particular aspects of human experience Thus by social science is meant only psychology sociology occasionally anthropology and the new field of human relations Other social sciences for example economics and political science become relevant at a very few points and are dealt with when necessary Print ed a stimulating and important book in the history of both business and the social sciences American Historical review **Looking Eighty Years**

For the Prevention of Cruelty Diane L. Beers,2006-05-25 Animal rights

Those two words conjure diverse but powerful images and reactions Some nod in agreement while others roll their eyes in contempt Most people fall somewhat uncomfortably in the middle between endorsement and rejection as they struggle with the profound moral philosophical and legal questions provoked by the debate Today thousands of organizations lobby agitate and educate the public on issues concerning the rights and treatment of nonhumans For the Prevention of Cruelty is the first history of organized advocacy on behalf of animals in the United States to appear in nearly a half century Diane Beers demonstrates how the cause has shaped and reshaped itself as it has evolved within the broader social context of the shift from an industrial to a postindustrial society Until now the legacy of the movement in the United States has not been examined Few Americans today perceive either the companionship or the consumption of animals in the same manner as did earlier generations Moreover powerful and lingering bonds connect the seemingly disparate American Society for the Prevention of Cruelty to Animals of the nineteenth century and the People for the Ethical Treatment of Animals of today For the Prevention of Cruelty tells an intriguing and important story that reveals society s often changing relationship with
