

CLASSIFICATION RATEMAKING USING DECISION TREE IN THE INSURANCE MARKET OF BOSNIA AND HERZEGOVINA

Amela Omerašević, Jasmina Selimović

Abstract

This paper investigates the impact of risk classification on life insurance ratemaking with particular reference to Bosnia and Herzegovina (BiH). The research is based on a sample of over eighteen thousand insurance policies for passenger vehicles collected over the period 2015–2020. In our empirical investigation we develop a standard risk model based on the application of Poisson-Generalized linear models (GLM) for claims frequency estimate and Gamma GLM for claim severity estimate. The analysis reveals that GLM does not provide a reliable parameter estimates for Multi-level factor (MLF) categorical predictors. Although GLM is widely used method to deter insurance premiums, improvements of GLM by using the data mining methods identified in this paper may solve practical challenges for the risk models. The popularity of applying data mining methods in the actuarial community has been growing in recent years due to its efficiency and precision. These models are recommended to be considered in BiH and South East European region in general.

Key words: Risk premium, risk classification, generalized linear model, data mining methods, decision trees.

JEL classification code: G22

1. INTRODUCTION

In a highly competitive economic environment, an important aspect for insurance business is the insurance premium, which the insured pays in exchange for the risk transfer to the insurer. One of the main tasks of actuaries in non-life insurance companies is ratemaking process for the portfolio of insureds, which will fairly distribute the risk among insureds. Risk classification is one of the most important elements in the ratemaking process of non-life insurance. Classification ratemaking is the process of grouping insurance policies of a certain insurance portfolio into homogeneous groups with similar expected claims experience or risk profile, so that all insureds within the same group pay the same insurance premium (Werner and Modlin 2010). Homogeneous groups of insureds created on the basis of risk classification are defined as risk classes. Insureds of a certain risk class generally have similar characteristics, which

enable insurers to better assess the insurance premium. In general, the aim of risk classification is to determine a fair premium for each insured in the portfolio

Decision Theoretic Approach To Insurance Ratemaking:

A Decision Theoretic Approach to Insurance Ratemaking Leonard R. Freifelder, 1976 Insurance and Risk Theory Marc Goovaerts, F. Etienne De Vylder, J. Haezendonck, 2012-12-06 Canadian financial institutions have been in rapid change in the past five years In response to these changes the Department of Finance issued a discussion paper The Regulation of Canadian Financial Institutions in April 1985 and the government intends to introduce legislation in the fall This paper studies the combination of financial institutions from the viewpoint of ruin probability In risk theory developed to describe insurance companies 1 2 3 4 5J the ruin probability of a company with initial reserve capital u is $6 1 7 f_3 u 1j u H_6 e H_6 1$ Here we assume that claims arrive as a Poisson process and the claim amount is distributed as exponential distribution with expectation $liS 6$ is the loading $i e$ premium charged is $1 6$ times expected claims Financial institutions are treated as insurance companies the difference between interest charged and interest paid is regarded as premiums loan defaults are treated as claims **Bonus-Malus Systems in Automobile Insurance** Jean Lemaire, 2012-12-06 Most insurers around the world have introduced some form of merit rating in automobile third party liability insurance Such systems penalizing at fault accidents by premium surcharges and rewarding claim free years by discounts are called bonus malus systems BMS in Europe and Asia With the current deregulation trends that concern most insurance markets around the world many companies will need to develop their own BMS The main objective of the book is to provide them models to design BMS that meet their objectives Part I of the book contains an overall presentation of the pros and cons of merit rating a case study and a review of the different probability distributions that can be used to model the number of claims in an automobile portfolio In Part II 30 systems from 22 different countries are evaluated and ranked according to their toughness towards policyholders Four tools are created to evaluate that toughness and provide a tentative classification of all systems Then factor analysis is used to aggregate and summarize the data and provide a final ranking of all systems Part III is an up to date review of all the probability models that have been proposed for the design of an optimal BMS The application of these models would enable the reader to devise the system that is ideally suited to the behavior of the policyholders of his own insurance company Finally Part IV analyses an alternative to BMS the introduction of a policy with a deductible *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1978 Proceedings of the Casualty Actuarial Society Casualty Actuarial Society, 2002 List of members for the years 1914 20 are included in v 1 7 after which they are continued in the Year book of the society begun in 1922 **Covering Accident Costs** Mark Rahdert, 1995-01-30 The debate over the structure of tort law and victim compensation A Stochastic Simulation Model for Reinsurance Decision Making by Ceding Companies Yves Roy, J. Decision Theoretic Approach To Insurance Ratemaking Introduction

In the digital age, access to information has become easier than ever before. The ability to download Decision Theoretic Approach To Insurance Ratemaking has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Decision Theoretic Approach To Insurance Ratemaking has opened up a world of possibilities. Downloading Decision Theoretic Approach To Insurance Ratemaking provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Decision Theoretic Approach To Insurance Ratemaking has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Decision Theoretic Approach To Insurance Ratemaking. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Decision Theoretic Approach To Insurance Ratemaking. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Decision Theoretic Approach To Insurance Ratemaking, users

should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Decision Theoretic Approach To Insurance Ratemaking has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Decision Theoretic Approach To Insurance Ratemaking Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Decision Theoretic Approach To Insurance Ratemaking is one of the best book in our library for free trial. We provide copy of Decision Theoretic Approach To Insurance Ratemaking in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Decision Theoretic Approach To Insurance Ratemaking. Where to download Decision Theoretic Approach To Insurance Ratemaking online for free? Are you looking for Decision Theoretic Approach To Insurance Ratemaking PDF? This is definitely going to save you time and cash in something you should think about.
