# Deconstruction In Context Literature And Philosophy

**Raman Selden, Peter Widdowson**

## **Deconstruction In Context Literature And Philosophy:**

**Deconstruction in Context** Mark C. Taylor, 1986 There is no rigorous and effective deconstruction without the faithful memory of philosophies and literatures without the respectful and competent reading of texts of the past as well as singular works of our own time Deconstruction is also a certain thinking about tradition and context Mark Taylor evokes this with great clarity in the course of a remarkable introduction He reconstitutes a set of premises without which no deconstruction could have seen the light of day Jacques Derrida This invaluable philosophical sampler brings together many of the threads out of which deconstruction is woven Taylor's anthology does not make deconstruction easy much more usefully it provides a meticulous guide to the sources and significance of the difficulties Barbara E Johnson The book will be of great value as a set of readings with authoritative explanation for all those interested in the current relations of literature and philosophy It is the best book of its kind I know J Hillis Miller Yale University *Reshaping Philosophy: Michael Boylan's Narrative Fiction*

Wanda Teays, 2022-05-25 This volume offers original essays exploring what fictive narrative philosophy might mean in the research and teaching of philosophy The first part of the book presents theoretical essays that examine Boylan's recent books *Teaching Ethics with Three Philosophical Novels* and *Fictive Narrative Philosophy* How Literature can Act as Philosophy The second and third part offer essays on how Boylan executes his theory in the practice within his novels from his two series *De Anima* and *Arch* The book clearly shows the unique aspects of the fictive narrative philosophy approach First it makes story telling accessible to wide audiences Second story telling techniques invoke devices that can set out complicated existential problems to the reader that offer an additional approach to thorny problems through the presentation of lived experience Third the discussion of these devices is a way to explore philosophical problems in a way that many can profit from The book concludes with an essay in which Boylan responds to the critical challenges set out in Part One and the practical criticism set out in Parts Two and Three Boylan addresses the key claims made by his objectors and defends his position He engages with the authors in the way his theory is matched against his actual novels This is useful reading for both philosophers and professors of literature teaching introductory as well as upper level courses in the fields of philosophy literature and criticism

**Theory Across Disciplines** Jeffrey R. Di Leo, 2025-08-07 Surveying the extraordinary scope of contemporary theory Jeffrey R Di Leo brings together contributors from around the world to speak to the ways in which theoretical concerns from a variety of disciplines operate within their respective fields of concern Contemporary theory is a multi and inter disciplinary endeavour that operates within and among the humanities the social sciences and many of the professions In addition to its now somewhat more standard fare work in these areas it has also made substantial inroads into the natural sciences and the formal sciences To be sure more disciplines from across the academy have integrated theory into their practice than at any other time in history Di Leo and his fellow contributors survey the workings of contemporary theory within and among the humanities sciences and professions including contributions on literary studies film studies gender studies visual art law

biology and geology They bring together distinguished theorists whose work spans the academy to speak to the ways in which theoretical concerns from a variety of disciplines work within their respective fields of concern *Theories of Play and Postmodern Fiction* Brian Edwards, 2013-05-13 Drawing on developments in critical theory and postmodernist fiction this study makes an important contribution to the appreciation of playforms in language texts and cultural practices Tracing trajectories in theories of play and game and with particular attention to the writings of Nietzsche Wittgenstein Bakhtin and Derrida the author argues that the concept of play provides perspectives on language and communication processes useful both for analysis of literary texts and also for understanding the interactive nature of constructions of knowledge Exploring manifestations of game and play throughout the history of Western culture from Plato to Pynchon this study traces developments in 20th century cultural and literary theory of ideas about play in the writings of Johan Huizinga Roger Caillois Jacques Ehrmann Bernard Suits James Hans Mihai Spariosu and Robert Rawdon Wilson The author emphasizes post structuralist developments with specific attention to deconstruction and reception theory and argues that deconstruction makes the most significant recent contribution to play theory in its application to language and to literature The work also explores the modes and effects of playforms in particular examples of postmodernist fiction With attention to major works from Thomas Pynchon Gravity Rainbow John Barth LETTERS Robert Kroetsch What the Crow Said Angela Carter Nights at the Circus and Peter Carey Illywhacker Edwards acknowledges and deconstructs such basic oppositions as play and seriousness fiction and truth difference and identity to explore the literature's cultural political significance Seeking to affirm the fiction's continuing social relevance the readings presented in this book place play irresistibly at the heartland of language meaning and culture

**Postmodernism: Legal studies, psychoanalytic studies, visual arts and architecture** Victor E. Taylor, Charles E. Winquist, 1998 Dramatic Events shows you how to stimulate workshop participants through a series of exercises and examples to release their energy to free their bodies and their voices to listen to think to be creative to engage in focussed exchanges with other people to take risks and to watch others and learn **Erring** Mark C. Taylor, 1984 *The World & I*, 1987 **Acts of Literature** Jacques Derrida, 2017-09-25 First published in 1992 Acts of Literature compiled in close association with Derrida brings together for the first time a number of Derrida's writings on literary texts on the question of literature The essays discuss literary figures such as Rousseau Mallarmé Joyce Shakespeare and Kafka Comprising pieces spanning Derrida's career the collection includes a substantial new interview with him on questions of literature deconstruction politics feminism and history Derek Attridge provides an introductory essay on deconstruction and the question of literature and offers suggestions for further reading These essays examine the place and function of literature in Western culture They highlight Derrida's interest in literature as a significant cultural institution and as a peculiarly challenging form of writing with inescapable consequences for our thinking about philosophy politics and ethics This book should be of interest to undergraduates and academics in the field of literary theory and criticism and

continental philosophy     *The Legal Studies Forum* ,1991     Literary Criticism Charles E. Bressler,1999 The second edition of *Literary Criticism* by Charles E Bressler is designed to help readers make conscious informed and intelligent choices concerning literary interpretation By explaining the historical development and theoretical positions of eleven schools of criticism author Charles Bressler reveals the richness of literary texts along with the various interpretative approaches that will lead to a fuller appreciation and understanding of such texts     Acta Universitatis Lodziensis ,1997     **The Journal of Humanities and Social Sciences** ,2003     **Essays in Poetics** ,1991     Journal of Vaisṇava Studies ,2006

Communication for Democracy Or Development ? Sujatha Sosale,1998     *Semiotica* ,1997     Proceedings and Addresses of the American Philosophical Association American Philosophical Association,2002 List of members in v 1     A Reader's Guide to Contemporary Literary Theory Raman Selden,Peter Widdowson,1993 Following the death of Raman Selden Widdowson has substantially revised this text New material has been added on key areas of literary theory and there are now chapters on New Criticism and Postmodernist and Postcolonialist theories The chapter on feminist theories has been expanded     *Twentieth-century Literary Movements Dictionary* Helene Henderson,Jay P. Pederson,2000 A reference for students in late high school and early college who are examining literature from the perspective of literary movements Entries are international in scope and describe some 500 major and less well known literary movements schools genres techniques and terms of the 20th century as well as major 19th century movements which have exerted tremendous influence on 20th century literature Each entry describes writers identified with the movement representative works literary techniques and philosophical and artistic tenets and historical and cultural context     **Critical Review of Books in Religion** ,1988
