The moon's dark phase has traditionally been a time of fear and superstition a time associated with death and isolation. The mythical embodiment of these fears is the Dark Goddess. Known around the world by many names: Lilith, Kali, Hecate and Morgana, the archetypal Dark Goddess represents death, sexuality and the unconscious, the little understood, often feared aspects of life. Demetra George combines psychological, mythical and spiritual perspective on the shadowy feminine symbolism of the dark moon to reclaim the darkness from oppressive fear-based images. George offers rites for rebirth and transformation that teach us to tap into the power of our dark times, maximizing the potential for renewal inherent in our inevitable periods of loss, depression and anger.
