Designing Futures Saimir Shtylla, Marina Checa Olivas, Angeles Sánchez, Antonio Maffei, Claudio Sassanelli, 2025-02-01

This book is a compelling exploration into the integration of sustainability with creativity and technology. It offers a cohesive journey from theoretical insights into practical applications across creative disciplines, education, and industries. This book serves as a crucial guide for those looking to navigate the challenges of modern sustainability through innovative solutions. By showcasing examples from 3D printing in education to sustainable practices in creative industries and the preservation of cultural heritage through digital innovation, it highlights the transformative power of creativity in fostering a sustainable future. Aimed at academics, professionals, and students, this book is an invitation to engage, innovate, and contribute to the sustainability discourse in the creative sectors.

**International Youth Day** My City Links, 2025-08-04  
Blazing a trail, the young are shaping change in Odisha one firm step at a time. A young population more often than not is the driving force when it comes to a society's progress to the next level of development. They are the ones leading innovation and exploring new avenues for success and growth. As the world marks International Youth Day, our Cover Story takes stock of how the young are redefining Odisha in their own small ways. The ubiquitous watermelon continues to come to the rescue as the summers become increasingly hot and unbearable. Unpredictable weather, however, poses a serious challenge. City Green brings you more on this. The latest episode of My City Talks weaves together some inspiring dreams and experiences as two young women talk about their journey and the motivation that propels them ahead. Read all about them in City Lights. Meanwhile, City Literature zeroes in on a unique initiative that has books at its core. The first edition of the Bocca Book Club meet attracts a group of bookaholics. Boccaholics, if you may, for an interactive session that brought some interesting insights and perspectives to the fore. Art workshops that are designed to connect and comfort. This is what artist Tulika Karmakar brings to the table each time she organises her carefully curated art sessions in Cuttack. Our CityZen for this edition, Tulika opens up about the challenges she faced in getting the concept off the drawing board and the response she is now receiving from the participants. Lights, camera, action! These three words have long defined the intricate art of filmmaking. City Tech takes you behind the scenes and delves into the fascinating evolution of the camera that is an integral part of visual storytelling. Elsewhere in the edition, ScreenShots brings you insights from a free-wheeling discussion between five practitioners of different skills related to cinema. Cityflix reviews the Radhika Apte starrer *Sister Midnight*. The taste of devotion is something that anyone who has visited the Lord Jagannath temple in Puri would be familiar with. A special feature in our Food section brings you the recipes of five offerings that make up Sukuli Bhogha. City Sports takes a look at young hockey players who are making Odisha proud at the national level. Our other regulars include City Health, which focuses on Yoga and mental health, as well as Fashion Lifestyle, which pays tribute to Odisha's textile heritage. City Tales carries on with its exploration of sacred tanks in the temple city of Bhubaneswar.

**TikTok Algorithms 2025** Jordan Smith, 2022-05-05  
TikTok is a highly creative

platform and it definitely rewards those who often create and post. It's ideal two to three times a day if you really want to gain popularity on TikTok; you won't cut it once a week. So in just two months I've gone from zero to 10K followers. Sharn Rayment, multimedia freelance producer. You definitely have to embrace and commit to using TikTok to the fullest extent possible to create a content backlog for the for you page. As for younger and older generations, TikTok has democratized creativity and social media. The app has the highest rate of follower engagement across 100,000 user profiles sampled in an Influencer Marketing Hub online research project. If marketers merely consider it as a dancing device and don't change their approach to include TikTok content, they'll be really bitter in a couple of years. Watching Instagram influencers repurpose Instagram content to TikTok at the start of lockdown shows the polished advertising on this site doesn't wash. We always noticed when Instagram stories came up there was a trend for shorter, more digestible content. Yet TikTok proves that users can return for more when you get the form of content right. According to official figures from TikTok, its customers remain faithful and are starting to return to the app. In fact, 90% of users use the app several times a day. Overall, TikTok is asking us to reconsider the way our content is strategized. I do hope these tips give you some ideas on how to handle TikTok and the way you prepare and create your content in general.

*Storytelling in Marketing and Brand Communications* S M A Moin, 2024-07-12. Storytelling has redefined marketing from a brand monologue to brand consumer dialogues, conversations, and co-creation. Drawing on interdisciplinary narrative literature and the perspectives of legendary practitioners, this book reveals the art of storified brand communications and how storytelling affects our brains using consumer psychology and neuroscience insights. With theories, practice application, and several conceptual models, tools, and techniques, this book invites researchers, academics, marketing practitioners, and students to decode the art of storytelling and join the debate on how storytelling transforms the discourse of marketing and brand communications. Ancient people gathered around fires to bond and tell stories, passing wisdom from generation to generation. Likewise, we tell stories through

social media platforms that transcend time and space Moreover digital storytelling in multiple forms and formats has transformed marketing ushering in an era of a creative renaissance by infusing the imagination of human minds with the power of technology In this context the book positions brand storytelling as an artistic science evolving in the content creators playground that fosters brand consumer conversation and co creation Although the future of storytelling is mysterious the author argues that human minds will continue to dominate machines creating marketing magic at the intersection of narrative art and technological science With a balance of theories and practice including conceptual models tools and techniques this book offers valuable insights allowing researchers academics as well as astute marketing practitioners and students to follow how the art of storytelling empowered by science and technology is transforming the discourse of brand communications in the imagination age

web 2 matlab code ar model lms algorithm 2020 12 01 spectral audio signal processing is the fourth book in the music signal processing series by julius o smith one can say that human hearing occurs in terms of spectral models as a result spectral models are especially useful in audio applications for example with the right spectral model one

**detailed analysis and implementation of lms algorithm using matlab** - Jun 04 2023

web this lms algorithm can be described in procedure as follows stepwise first consider the random sequence of inputs  $x_n$  which will be given to an fir filter whose output is  $y_n$  let us say that  $d_n$  is the reference target signal and there always exists a difference between  $y_n$  and  $d_n$  which is taken as an error  $e_n$

**eeg learning the coefficients of auto regressive ar model** - Apr 02 2023

web jul 8 2019 in order to use the lms to learn an ar model one should use the predictor variant of the least mean squares lms filter basically we predict the  $x_n$  sample using past samples  $x_{n-i}$   $i = 1 \dots k$  where  $k$  is the lms filter order

linear prediction and autoregressive modeling matlab - Sep 26 2022

web find ar model from signal using the yule walker method solving the yule walker equations we can determine the parameters for an all pole filter that when excited with white noise will produce an ar signal whose statistics match those of the given signal  $x$  once again this is called autoregressive modeling
