 Alaali, Abdalmuttaleb M. A. Musleh Al-Sartawi, Arafat Salih Aydiner, 2025-07-28 The concept of the circular economy has  
 attracted the attention of scholars researchers professionals and policymakers in recent years The notion is characterised as  
 an economy that intends to keep products stocks work in progress and materials at their highest utility and value continually  
 distinguishing between their technical and biological cycles It is devised as a continuous positive development cycle that  
 reserves and improves natural resources optimizes outputs and minimizes supply chain related risks by overseeing limited  
 stocks and renewable flows of the stocks Several legislations and policies are being developed to motivate and integrate  
 SDGs and net zero related approaches in companies among which the circular economy CE is gaining momentum due to its  
 documented impact on the elements of the SDGs and net zero Efficient management of resources and utility via artificial  
 intelligence is vital towards a smart circular economy by minimising waste losses pollution and extraction of virgin resources  
 It is important to note that there is a difference between smart and traditional circular economies This book focuses on the  
 former and makes distinctions in terms of how technology systems and solutions can be effectively and efficiently  
 implemented This book **The Paradigm Shift from a Linear Economy to a Smart Circular Economy The Role of Artificial  
 Intelligence Enabled Systems Solutions and Legislations** discusses the transition from linear to smart circular economy by  
 dissecting the role of artificial intelligence and other technologies such as big data IoT and blockchain in such  
 transformations The book further aims to provide a platform for researchers professionals and students to closely investigate  
 discuss and examine the theories philosophies ontologies and the role of governments policymakers and businesses in  
 supporting the transition to a smart economy via national initiatives fiscal policies and corporate governance The book

highlights the need for collaborative efforts between various actors including the private and public sectors through cross disciplinary approaches to attain maintain and sustain a smart circular economy      **Willing's press guide** James Willing,2004      *The American Directory of Writer's Guidelines* Brigitte M.
