Unseen Cathy Hird, 2023-02-10 In the Toronto of the future an AI called Monitor oversees all the city s infrastructure Coordinating public transit and self driving cars gridlock is a thing of the past along with surprises

with city electrical and water systems The system is foolproof and impenetrable or so it s believed The first intrusion into Monitor is innocuous enough some graffiti that fools auto pilots into stopping traffic However when a hacker interferes with water main monitoring lives are put at risk Suddenly people start questioning the wisdom of leaving such essential systems in the hands of an AI that can be corrupted Miles Franklin is the manager of tech support at Monitor Central but his true advantage is his connection to the Gifted people with heightened senses His own ability to sense electrical pulses is joined by empathes and someone who can see the outcomes of decisions yet to be made Another s affinity with plants clues the Gifted community in to a threat to the sole remaining corner of Toronto s once grand High Park and it seems like the events are connected It s going to take all the skills the Gifted have to prevent chaos and the destruction of the greenery they hold so dear
