Virtual meetings are increasingly becoming a necessity amid the pandemic. While people preferred to meet their clients offline just a couple of months ago, a large number of professionals have now opted for online solutions to stay connected amid the lockdowns imposed around the world. At the same time, there are many schools and educational institutions that have started using video conferencing apps to connect with their students virtually. Zoom has emerged as one of the popular solutions for video conferencing. One of the reasons behind its popularity is cross-platform support. However, Zoom also offers features such as the ability to join a meeting through a Web browser and share your screen with up to 100 participants. All this makes it a compelling option against the likes of Google Hangouts, Meet and Microsoft Teams. That being said, you might just be wondering how you should start with Zoom. So here you have a step-by-step guide on how to use the Zoom app on your desktop and mobile device. To make things easier for you, we are providing steps for both Windows and Mac devices. This book comes with a lot of tips and tricks illustrated with screenshots to give you a better experience. Go get your Copy NOW.
