**A Textbook of Artificial Intelligence for Class 9** Hema Dhingra, Goyal Brothers Prakashan, 2020-01-01 **A Textbook of Artificial Intelligence for Class IX (A.Y. 2023-24) Onward** Hema Dhingra, 2023-05-20

The term artificial intelligence may sound intimidating to some but it has been in use for decades and its applications are more common than you might imagine It is gaining the spotlight across applications in our personal and professional lives AI is still at a relatively early stage of development so that the range of potential applications have ample scope left for further development It holds the promise of solving some of the most pressing issues facing society but also presents challenges such as unethical use of data and potential job displacement There are so many amazing ways artificial intelligence and machine learning are used behind the scenes to impact our everyday lives AI assists in every area of our lives whether we're trying to read our emails get driving directions get music or movie recommendations AI is a constellation of technologies that enable machines to act with higher levels of intelligence and emulate the human capabilities of sense comprehend and act AI is not specifically related to computer science This is a field of study that encompasses human behaviour biology psychology and even language and linguistics AI presents opportunities to complement and supplement human intelligence and enrich the way people live and work Artificial Intelligence is being widely recognized to be the power that will fuel this future global digital economy Countries around the world are becoming increasingly aware of the potential benefits of developing and applying AI From SIRI to self driving cars artificial intelligence AI is progressing rapidly While science fiction often portrays AI as robots with human like characteristics AI can encompass anything from Google's search algorithms to IBM's Watson to autonomous weapons From Amazon shopping recommendations Facebook image recognition and personal assistants like Siri Cortana and Alexa your phone is becoming a portal to real world applications of artificial intelligence This book is a glimpse into the future that illustrates how AI will continue to transform our daily lives in the near future Digitalisation and the new

technological possibilities that artificial intelligence AI brings are driving the biggest social and economic changes since the industrial revolution Without the right political economic and ethical framework conditions there is a risk of uncontrolled development and a negative impact of AI Artificial intelligence AI is doing a lot of good and will continue to provide many benefits for our modern world but along with the good there will inevitably be negative consequences The sooner we begin to contemplate what those might be the better equipped we will be to mitigate and manage the dangers While writing the book we have tried to keep the explanation simple with lots of examples and illustrations Lastly there is always a scope of improvement Thus it is a request to our esteemed readers to send the feedback and suggestions etc for the improvement of the book All your requests are welcome

**My City Links:**  
**September 2023 Issue** My City Links, 2023-09-01. Ask anyone who they look up to and give credit to for being the person that they have become, chances are that a teacher will be on their list along with parents, family members and close friends. To mark Teacher's Day, our Cover Story for this edition pays tribute to the role that teachers play in our lives. Anybody who was around in the 80s would remember the pulsating beats and the psychedelic lights that were synonymous with a new form of music that held the world in thrall. A special feature in City Tales revisits the birth of Disco music, its impact on the Bollywood film industry and its eventual decline of sorts. With the growing realisation that Artificial Intelligence (AI) is here to stay, discussions these days often veer around to the influence this latest revolution in technology can have on different human endeavours. In City Tech, we take a look at some of the latest AI tools that can be used for a variety of functions. As it happens, advances in technology invariably come with their own unique challenges. Preventing cybercrime and identifying the perpetrators is one such challenge for law enforcement agencies these days, and official data on the nature and number of such incidents presents a grim picture. Twin City police chief Soumendra Priyadarshi discusses the challenges in City Beat. The section also looks at diseases like dengue that make an appearance during the monsoon season. We speak with health and municipal officials to bring you a ground report. In Screen Shots, we catch up with the newest star on the block who is creating quite the buzz on the OTT circuit these days. Life has not been the same for actor Prem Parija who had earlier worked as an assistant director for Bollywood films since he was signed up to play the lead role in the Commando series. The section also features Odia film producer Sanjay Nayak and filmmaker NG Reddy. During the course of a freewheeling chat, they discuss the current state of the Bollywood film industry and what needs to be done to draw the audience back to the
