Anca Anton,Raluca Moise

Hybrid Work Schedule For Beginners For Freelancers:

The Future of Work Inka Knappertsbusch, Gerlind Wisskirchen, 2024-12-01 This book takes readers on a journey into the future of work Following the influence of the COVID 19 pandemic working conditions have become more flexible than ever before The freedoms granted within this framework continue to be demanded by many employees There are also numerous companies that have had predominantly positive experiences with this change and would like to continue with it Against this backdrop it is to be expected that the shift away from a traditional working environment due to the four influencing factors of demographic change skills shortages digitalisation and artificial intelligence will accelerate in the future This book provides an overview of the various design options for New Work and highlights their respective advantages and disadvantages It also analyses new trends and forecasts relating to the future of work In addition the relevant legal framework is presented in a concise and easy to understand manner This book provides you with the tools you need to actively shape the future of work in your company in a legally compliant manner The editors Dr Inka Knappertsbusch is a lawyer specializing in employment law and employee data protection at the international commercial law firm CMS Germany She advises companies primarily on restructuring and works agreements in particular on issues related to IT and new work Her work also focuses on data protection and artificial intelligence in employment relationships She is the co editor of the book *Arbeitswelt und KI 2030* Gerlind Wisskirchen is a partner and lawyer at the international commercial law firm CMS Germany and advises multinational corporations in particular on restructuring national and international employment law and compliance issues She is also an expert on the digitalisation of the world of work with experience as a keynote speaker author and lecturer and is the editor of the report *Artificial Intelligence and Robotics and Their Impact on the Workplace* for the Global Employment Institute The translation was done with the help of artificial intelligence A subsequent human revision was done primarily in terms of content

Informal Workplace Learning and Employee Development Malgorzata Rozkwitalska-Welenc, Beata A. Basinska, Alicja Dettlaff, 2024-06-03 The new paradigm in employee development assumes that employees should proactively direct their learning and growth Most workplace learning is basically informal and occurs through daily work routines peer to peer interactions and networking and typically brings about significant positive outcomes to both individuals and organizations Yet workplace learning always occurs in a predefined context and this context has recently changed Hereafter many people have been delegated to work from home or any other remote location Many employees would like to maintain remote or hybrid work design in the future as well In this research monograph the authors explore an unexplored topic in social science research concerning proactive employee development through informal learning in new ways of working NWW The monograph will be of interest to students and researchers in organizational studies organizational behavior organizational psychology and organizational learning as well as human resource professionals concerned with employee development and the changing nature of work
