Fake-Checking Andrea Hickerson, Christopher Schwartz, Matthew Wright, 2025-12-16 Designed to help journalists keep pace with the rapid evolution of deepfakes as well as integrate fake checking methods into their routine reporting practices this book offers a concise and accessible guide for reporters navigating this evolving challenge This guide aims to assist journalists in understanding the complexities of deepfakes from a number of angles including philosophical historical technical and methodological Rather than approaching deepfakes as a journalistic apocalypse this book contextualises them in the larger historical practice of fact checking and on a continuum of technological advances in image and video manipulation Encouraging readers to view fact checking as a multimodal process it stresses the importance of combining philosophical and technical tools especially ones based in epistemology and artificial intelligence AI in addition to the pavement pounding essentials of good journalism The book concludes with a chapter addressing how to explain deepfakes to a public progressively more concerned about the realities and consequences of AI and misinformation Fake Checking serves as a practical reference for journalists and advanced media students who are

increasingly required to identify and verify potential deepfakes and their future iterations This book is supported by online resources which can be accessed at www.routledge.com 9781032741321 *Upscale* ,1997 **You to the Power of Two** Joseph Bradley,Don Tapscott,2025-12-02 A new and previously unexplained era of artificial intelligence will transform human life forever Discover what this means for our personal identity and our future AI tools are already reshaping the way we work and communicate but as they gain autonomy they will no longer be mere tools they will become active participants in our world As our digital identities become smarter and more capable we enter the age of identic AI a world where ever present AI companions streamline daily tasks enhance wellbeing and offer lifelong learning For professionals these intelligent agents will amplify creativity boost productivity and expand human potential But with this extraordinary promise comes profound risks to individuals businesses and society itself From technology experts Joseph M Bradley and Don Tapscott *You to the Power of Two* is a thought provoking and timely guide that will prepare readers to thrive in world of personal Ai agents by Revealing how our new digital sidekicks will transform our careers healthcare education and relationships Empowering readers to embrace AI with confidence and purpose rather than fear Exploring AI s role in redefining human potential success and the institutions of society Explaining self sovereign identity and decentralized AI models that will safeguard autonomy control and future For individuals businesses and policymakers alike identic AI will reshape how we work learn and connect Will we harness its power for a more equitable future or will we let it shape us in ways we can t control The future isn t written It s ours to create **The Leading Edge** ,2009 *Automotive Industries* ,2002 *Mayhem for Moderns* Gregory K.
