If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was he or she would likely claim that it was a way of making money online as an intermediary Here people make a commission from a sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online However as much as there is a lot of truth there Affiliate Marketing does not only have to take place online For example affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client It is the same concept This kind of marketing happens a lot in the real world but people do not trace or coordinate it as much as is the case with online marketing Business owners can ask their customers how they came to know about them in an effort to learn about their client base but they cannot get as much information as they would be using online tracking The growing online market has made this type of marketing more popular and profitable It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional marketers who will not necessarily appear on their payroll Therefore while its history started long before the invention of the Internet the Internet has transformed it and made it widely available to the masses You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come From there you will learn the key steps to creating a website that will attract the right type of users as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible Finally you will learn just what it takes to create the type of quality content that ensures people keeping back for more month after month and year after year Every effort was made to ensure it is full of as much useful information as possible please enjoy **Affiliate Marketing for Beginners** Warren Mori, 2014-08-18 Your Beginner's Luck Will NEVER RUN OUT If You Start With This Book As Your Guide There's nothing harder than being a beginner at something BIG If you're a beginner in the great wide world of Affiliate Marketing don't go out there unarmed Get yourself a copy of this wonderful Special Report Affiliate Marketing for Beginners and you'll instantly have a road map to SUCCESS rather than the frustration and failure that plague millions of newbies in this highly profitable business Yes you can go from delivering pizzas to making millions off Affiliate Marketing But you must know HOW to do that not just that it can be done This book teaches you HOW And if you ACT NOW you will get another complimentary report for FREE as part of this generous offer Don't wait another moment Do what it takes to get this money making knowledge packed into your brain You won't be able to make a dime without it CHAPTER ONE Starting with Your Career as an Affiliate
