

How to Write ChatGPT Prompts for Academic Writing

1 **Be specific.**

To get accurate results from ChatGPT, clearly define your task, avoid ambiguity, and include only relevant details.

2 **Ask ChatGPT to “act as if...”**

You can ask the chatbot to play the role of someone whose perspective you'd like to consider.

3 **Specify your output format.**

Specify whether you want your result presented in the form of a list, table, code, dialogue, etc.

4 **Use “do” and “don’t.”**

Clearly state what you do and do not want in ChatGPT's response.

5 **Use examples.**

If you want ChatGPT's response to resemble a specific text, add this example to your prompt.

6 **Consider the tone and audience.**

Let ChatGPT know about your audience and tone to help it tailor the response to your needs.

7 **Work together with AI.**

Give ChatGPT your feedback on what you liked and disliked about its response.

requirement in today's society. Therefore, how we teach and educate on topics of cyber security and how we overcome challenges in this space require a collective effort between academia, industry, and government. The variety of works in this book include AI and LLMs for cyber security, digital forensics, and how teaching cases can be generated at scale, events and initiatives to inspire the younger generations to pursue cyber pathways, assessment methods that provoke and develop adversarial cyber security mindsets, and innovative approaches for teaching cyber management concepts. As a rapidly growing area of education, there are many fascinating examples of innovative teaching and assessment taking place. However, as a community, we can do more to share best practice and enhance collaboration across the education sector. CSE Connect is a community group that aims to promote sharing and collaboration in cyber security education so that we can upskill and innovate the community together. The chapters of this book were presented at the 4th Annual Advances in Teaching and Learning for Cyber Security Education conference hosted by CSE Connect at the University of the West of England, Bristol, the UK, on July 2, 2024. The book is of interest to educators, students, and practitioners in cyber security, both for those looking to upskill in cyber security education as well as those aspiring to work within the cyber security sector.
