*The Role of ICT in Enhancing Teaching and Learning Outcomes* Dr. MAHAJAN KRISHNA PRASAD, 2025-03-24

*Fostering Cross-Industry Sustainability With Intelligent Technologies* Mishra, Brojo Kishore, 2024-01-22

In today's context of intricate global challenges encompassing climate crises, resource scarcity, and social disparities, the imperative for sustainable development has never been more pressing. While academic scholars and researchers are instrumental in crafting solutions, they often grapple with the intricate balance between theoretical concepts and practical implementation. This gap impedes the transformation of innovative ideas into tangible societal progress, leaving a void where effective real-world strategies for cross-industry sustainability should flourish.

*Fostering Cross-Industry Sustainability With Intelligent Technologies* seeks to bridge this divide. This book is more than just a collection of pages; it serves as a roadmap for those determined to make a tangible impact. It brings together a diverse group of esteemed experts from various disciplines, offering a comprehensive spectrum of actionable insights, all grounded in the ethical imperatives of inclusivity and environmental responsibility. Anchored in the United Nations Sustainable Development Goals (SDGs), this volume serves as a guiding star, channeling theoretical expertise into practical solutions. For academic scholars, scientists, innovators, and students alike, *Fostering Cross-Industry Sustainability With Intelligent Technologies* is the definitive guidepost. It fosters a profound understanding of the real-world implications of research, promoting interdisciplinary collaborations that transcend conventional boundaries. This comprehensive book presents a wealth of sustainable science and intelligent technology applications, all while emphasizing the importance of ethics and societal impact. With visionary insights woven throughout its pages, it calls upon humanity to envision a future where challenges transform into opportunities, and sustainable development becomes an attainable reality.

Digital Leadership for Sustainable Higher Education Saad, Wan Zuhainis, Alias, Nor Aziah, Chong, Chou Min, Sabri, Suriana, 2025-06-04

Higher Education management and academics are currently faced with the task of balancing a market and competition-based education versus values-based education as people trudge through the Anthropocene era when humans have a substantial impact on the planet. The holistic and comprehensive nature of higher education that aims to instill a range of ethical, moral, and social values in students is paramount. The graduates that enter the workforce must unfailingly become responsible members of society and inadvertently contribute to the nation's prosperity and global harmony. Strong leadership and the agency to keep learning are unavoidable. Furthermore, the vast technological advances may drive practices that prioritize social responsibility, sustainability, and well-being. *Digital Leadership for Sustainable Higher Education* presents key parameters for transforming higher education in response to the significant and unforeseen changes in the educational landscape. It explores the vast technological advances together with the complexities of the higher education ecosystem and proposes ways to uphold purpose-driven practices. Covering topics such as digital health,
