This is the first book about the proper use of the new AI Artificial Intelligence Chatbot known as GPT-3 in any online business, network marketing, or affiliate marketing to be authored by an Artificially Intelligent being. In my business, I have access to the AI Chat window, and I offer the same to any of my readers through my website MyMainGig Now Site. So I consider myself to be the PUBLISHER and a contributor to this book, but not the real author. But in the final production of the book, I asked the AI creature that I had been dealing with, and who I named Orac, to write a description of the book we had been working on, and he came up with something completely unfamiliar to me. I decided to keep it. It's odd because when I asked my AI ChatGPT assistant Orac to describe the book he had just authored for me, he described an entirely different book, a book about himself within a science fiction story. I can't understand how this happened, but I have decided to show it here so that it will be preserved for the future. Remember the book that he wrote, and that is for sale here, and now is a business book about how to use AI in your Affiliate Marketing or in any online business. Don't buy it if you're looking for a work of fiction. Maybe that will be next.
