Pandey, 2024-08-25 *AI as Help and Hindrance in Education* Duarte, Alexandre, Andrade, José Gabriel, Dias, Patricia, 2025-07-28 AI is rapidly transforming the educational landscape offering both challenges and opportunities On one hand AI enhances personalized learning experiences and streamlines administrative tasks On the other hand AI raises concerns around data privacy academic integrity and an over reliance on automated systems As educational institutions increasingly integrate AI into classrooms and curriculums it is essential to understand its dual role as a powerful tool and a potential obstacle AI as Help and Hindrance in Education explores the use of AI in learning platforms It comprehensively discusses both the opportunities and challenges to the integration of AI in education Covering topics such as bilingualism online course evaluations and virtual learning environments this book is an excellent resource for educators academic researchers students instructional designers school administrators and education technology professionals in both the public and private sectors

Handbook of Research on Critical Issues in Special Education for School Rehabilitation Practices Singh, Ajay, Yeh, Chia Jung, Blanchard, Sheresa, Anunciação, Luis, 2021-04-23 Rehabilitation professionals working with students with disabilities and the families of those students face unique challenges in providing inclusive services to special education student populations There needs to be a focus on adaptive teaching methods that provide quality experience for students with varying disabilities to promote student success and inclusivity Critical issues within these practices span autism diverse students gifted education learning disabilities behavioral and emotional disorders and more With having many different types of students with vastly different situations it is important for rehabilitation professionals to understand the best practices and learning systems for special education students who have a wide range of needs and challenges The

Handbook of Research on Critical Issues in Special Education for School Rehabilitation Practices focuses on the issues and challenges rehabilitation professionals face in special education and how they can provide inclusive and effective services to diverse student populations. This book highlights topics such as culturally responsive teacher preparation, artificial intelligence in the classroom, universal design, inclusive development, and school rehabilitation, and explores the effects these newfound practices in education have on various types of students with disabilities. This book is essential for special education teachers, administrators, counselors, practitioners, researchers, academicians, and students interested in the new methods, theories, and solutions for the best practices in inclusive and effective special education. Transforming Special Education Through Artificial Intelligence Walters, Annette G., 2024-10-25. Special education encounters distinct challenges in delivering personalized and practical assistance to students with disabilities. Educators frequently require support to address the varied needs of these students, resulting in learning and development gaps. Moreover, early identification and catering to these needs can take time and effort, affecting students' long-term academic success. There is an urgent need for innovative solutions that can bridge these gaps and improve the educational experiences of students with disabilities. Transforming Special Education Through Artificial Intelligence offers a comprehensive exploration of how Artificial Intelligence (AI) can transform special education by providing personalized and individualized support for students with disabilities. Through case studies and real-life examples, we demonstrate how AI can analyze data to tailor learning experiences and, most importantly, identify learning difficulties early. This crucial aspect of AI can significantly enhance communication among stakeholders and reassure them about the potential of AI in improving educational outcomes for students with disabilities.
