[A Software Development Approach for Driving Competitiveness in Small Firms](#) Delroy Chevers,2023-05-12 The COVID 19 Pandemic has forced many businesses to accelerate their digital transformation strategies to continue to meet the changing needs of their customers This has resulted in significant growth in the global software market However for decades managing software product quality has been a major challenge for many software development firms This low success rate is due mainly to the development and delivery of low quality software products In addition to the direct costs associated with poor quality software software flaws can also raisesecurity concerns as hackers can gain complete control of various devices and data such as mobile phones computers or the operational transactions of businesses These security and privacy breaches are currently occurring with great frequency Although producers and consumers of software products spend vast amounts of money developing and purchasing these products in many cases the promised benefits of user satisfaction efficiency productivity and profitability are not realized In more severe circumstances software development firms have failed and face the threat of going bankrupt

being acquired or suffering closure because customers are demanding high quality software products that they consistently fail to deliver Small and medium enterprises SMEs operating within the software development industry have a more critical need to produce high quality software since they are less able to absorb both the cost and the reputational impact of producing low quality output A Software Development Approach for Driving Competitiveness in Small Firms provides some cost efficient options that can help SMEs increase the likelihood that their software will be of high quality It tells the story of the entrepreneurial journey that small firms should take to deliver high quality software products By utilizing practical examples and providing several recommended solutions to decrease the likelihood of producing low quality software the book outlines how mobilizing people processes and technology are integral to the software development process and emphasizes why process maturity is the most influential factor in software development in small and medium enterprises Small Business Sourcebook ,2010 A guide to the information services and sources provided to 100 types of small business by associations consultants educational programs franchisers government agencies reference works statisticians suppliers trade shows and venture capital firms *InfoWorld* ,1986-05-26 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects Microtimes ,1992-05 E.biz Geoffrey Sampson,2003-11-24 This is a clear guide to the fundamentals of e business and e commerce It provides the background knowledge required for computing and IT students to make the transition from studying the technologies to actually applying them in real life business scenarios A selection of case studies is used **InfoWorld** ,1987 **AI Magazine** ,1999 Encyclopedia of Business and Finance: A-I Burton S. Kaliski,2007 Contains over 315 alphabetically arranged articles that provide information about the major functional areas of business covering accounting economics finance information systems law management and marketing as well as organizations in business and government and federal legislation **The Software Encyclopedia** ,1988 **InfoWorld** ,1986-06-02 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **The Keystone** ,1915 *Personal Computing* ,1986 **Business Week** ,1995 PC/Computing ,1990 **Scientific and Technical Organizations and Agencies Directory** Peter D. Dresser,1994 The Jewelers' Circular ,1919
