very few to love After all its author s computation of that former audience of his his actual individual voluntary readers of a decade ago appears to be but slightly and pardonably exaggerated on the more modest side of the fact If there were a Cabell Club of membership determined solely by the number of those who already possessing THE CORDS OF VANITY in its first edition recognize it as the work of a serious artist of high achievement and higher capacity I suspect that the smallness of that club would be in inordinate disproportion to everything but its selectness and its members pride in belonging
