The Novels of Samuel Selvon Roydon Salick, 2001-04-30 The author of such works as *A Brighter Sun* 1952 *The Lonely Londoners* 1956 and *The Plains of Caroni* 1970 West Indian novelist Samuel Selvon is attracting growing amounts of scholarly attention Nonetheless criticism of his works has largely been imbalanced with most scholarship focusing primarily

on his language This book corrects that imbalance by placing Selvon's novels within historical sociological and ideological contexts A new interpretation of Selvon's achievement as a novelist the volume looks for the first time at his works in terms of categories of novels peasant middle class and immigrant The book demonstrates that each category is different from the others and that novels within categories are similar Thus it provides a coherent vision of Selvon's canon It illustrates as well the development of Selvon's philosophy of West Indians as peasant bourgeois and immigrant In doing so it explores the significance of ethnicity in his works and discusses Selvon's imaginative apotheosis of the Indo Trinidadian peasant and the diminution of the Afro Trinidadian immigrant The volume also studies Selvon's fictional and rhetorical techniques and argues that his works range from Bildungsroman to picaresque to epic to satire

Caribbean Women Writers and Globalization Professor Helen C Scott, 2013-04-28 Caribbean Women Writers and Globalization offers a fresh reading of contemporary literature by Caribbean women in the context of global and local economic forces providing a valuable corrective to much Caribbean feminist literary criticism Departing from the trend towards thematic diasporic studies Helen Scott considers each text in light of its national historical and cultural origins while also acknowledging regional and international patterns Though the work of Caribbean women writers is apparently less political than the male dominated literature of national liberation Scott argues that these women nonetheless express the sociopolitical realities of the postindependent Caribbean providing insight into the dynamics of imperialism that survive the demise of formal colonialism In addition she identifies the specific aesthetic qualities that reach beyond the confines of geography and history in the work of such writers as Oonya Kempadoo Jamaica Kincaid Edwidge Danticat Pauline Melville and Janice Shinebourne Throughout Scott's persuasive and accessible study sustains the dialectical principle that art is inseparable from social forces and yet always strains against the limits they impose Her book will be an indispensable resource for literature and women's studies scholars as well as for those interested in postcolonial cultural and globalization studies
