Scott King Dale Evva Gelfand,Lisa Renee Rhodes,2009 Biography of the wife of assassinated civil rights leader Martin Luther King Jr Source other than the Library of Congress **Inspiring African-American Women of the Civil Rights**

Movement: La Shawn B. Kelley,2015-09-30 The Civil Rights Movement is a milestone in American history that can help us think more clearly about today s movement for social and political change which can sometimes be influenced or misguided by the media We all must seize the opportunity to shape our own post civil rights era and redefine what civil rights means to us today and in the future Inspiring African American Women of the Civil Rights Movement 18th 19th and 20th Centuries is just one glimpse into the lives of twenty very brave and courageous African American women who fought to protect the civil rights of African Americans and ultimately changed the course of history As you read this book I will Give a more in depth understanding about the true meaning of the freedom and equality in America Provide an awareness of the struggles of the civil rights movement to the racial injustices of the Jim Crow laws Bring attention to important relationships that developed along the way of each womans journey based on the civil rights cause Depict a timeline of events of each crusaders journey Above all Highlight the incredible accomplishments of African American women who have contributed to our nations greatness even in the face of certain danger and personal tragedy in the name of freedom and equality Be inspired by the Civil Rights Movement and embrace all that African American history has to offer because it truly is an important part of American history The Civil Rights Movement challenged racism in America and because of civil rights crusaders like Rosa Parks and Harriet Tubman the country is a more just and humane society for us all *Five Foundations of Human*

Development Errol A. Gibbs,Philip A. Grey,2011-06-08 Five Foundations of Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved problems of past centuries problems of the present and emerging problems of the future Problems such as wars genocide greed and the exploitation of human beings begin within our destructive spiritual nature and manifest in the physical nature Therefore solutions also lie in the spiritual realm as a counterbalance to the natural realm of human existence FFHD is a blueprint for human survival based on

adherence to physical laws and spiritual laws that transcend a belief in an omnipotent all powerful omnipresent everywhere and omniscient all knowing being It will awaken the conscience to comprehend the lifethreatening issues that face humankind The solutions therefore cannot merely be left only to the educated elite the military forces and those in high public and private office The global significance of this book is that it informs a more communal view of our world It is the only perspective that will allow us to enter the global village prepared for the racial social cultural environmental and economic challenges that lie ahead

Reclaiming the Great World House Lewis V. Baldwin,Vicki L. Crawford,2019 Reclaiming the Great World House in the 21st Century Cross Disciplinary Explorations of the Vision of Martin Luther King Jr does just that Established and emerging scholars explore Martin Luther King Jr s global vision and his lasting relevance to a globalized rights culture The editors further explain that this edited collection looks at King afresh in his own historical context while also refocusing his legacy of ideas and social praxis in broader directions for today and tomorrow Employing King s metaphor of the great world house with major attention to racism poverty and war or what he called the evil triumvirate the focus is on King s appraisal of and approach to the global human struggle in the 1950s and 60s and on the extent to which his social witness and praxis takes on new hues and pertinence not only in the ongoing struggles against racism poverty and economic injustice and violence and human destruction but also in the mounting efforts to eliminate problems such sexism homophobia and religious bigotry and intolerance from the global landscape The conclusion is that King s ideas and models of social protest are not only alive but also growing in vitality and popularity in the 21st century especially as humans worldwide are struggling daily with the lingering antiquated thinking and behavior around race and ethnicity the widening gap between the haves and the have nots the mounting cycles of violence torture and terrorism and the frustrating and growing chasms resulting from religious pluralism and the subordination and marginalization of certain sectors of the human family based on gender and sexuality Committee Meeting of Assembly Law and Public Safety
