Cornelius Nepos Loeb Classical Library No 467:

The Form and Function of Mark 1:1-15 Bradley T. Johnson, 2017-10-30 Identifying the scenes of written texts is a critical skill for following the course set by an author Even a small variation in course heading can result in compounding an error over time with regard to one's intended destination Perhaps nowhere is this more important than in the opening unit of Mark's Gospel In this book Brad Johnson sets out to follow the course prescribed by the author of the second Gospel Making use of the principles of Inductive Bible Study rhetorical criticism and a study of ancient prologues Johnson makes a twofold case that Mark's opening unit the first fifteen verses demonstrates a formal integrity and performs a rhetorical function As such the Markan prologue situates the public life and ministry of Jesus within the broader context of an epic drama A failure to acknowledge the unique contribution of Mark as author in this regard will likely result in a destination the author never intended Books in Print, 1994

How to Think Like Socrates Donald J. Robertson, 2024-11-19 How can we apply the teachings of the greatest ancient philosopher to modern life Socrates is the quintessential Athenian philosopher the source of the entire Western philosophical tradition and Godfather to the Stoics He spent his life teaching practical philosophy to ordinary people in the streets of Athens yet few people today are familiar with the wisdom he has to offer us How to Think Like Socrates is an accessible and informative guide to the life of one of the greatest thinkers in history and the first book to focus on applying his ideas to our daily lives Author Donald J Robertson transports readers back to ancient Athens expertly weaving together a page turning account of a philosopher who eschewed material pleasures and stood by his beliefs even in the face of controversy with a steadfastness that ultimately resulted in his execution How to Think Like Socrates highlights the continuing value of the Socratic Method to modern life As a practicing cognitive behavioral psychotherapist Robertson also uses his expertise to reveal many parallels between the evidence based concepts and techniques of modern psychology and the philosophy of Socrates and shows how his philosophical insights can guide and benefit all of us to this day

Subject Guide to Books in Print, 1997 *Cripina and Her Sisters* Christine Schenk, 2017-12-01 Cripina and Her Sisters explores visual imagery found on burial artifacts of prominent early Christian women It carefully situates the tomb art within the cultural context of customary Roman commemorations of the dead and provides an in depth review of women's history in the first four centuries of Christianity From this a fascinating picture emerges of women's authority in the early church a picture either not readily available or recognized or even sadly distorted in the written history Readings in the Classical Historians Michael Grant, 1992 A comprehensive anthology of the classical historians from the early Greeks through the late Romans right up to the beginnings of the Christian era Books in Series, 1876-1949 R.R.
