**The Next Generation** Tony Ryan,2017-09-05 Today s children will be an unprecedented global force are they ready The Next

Generation maps out the world of possibilities ahead for today's young people and reveals the skills and habits they'll need to take full advantage of their unique futures. Around 35% of the world's population is under 20 years of age, known as Generation Z and Generation Alpha; these children are coming of age in a world that is safer, healthier, wealthier, and more productive than ever before. Opportunities fan out in the distance for today's kids: a world of possibility awaits, and they will be the ones to shape the future for us all. Right now it's the job of parents and educators to prepare these kids for what awaits. They need an instinctual adaptability, quick thinking, and comfort with change. They need to be technologically literate and ready to take on whatever challenges arise. This book explores the evolution of coming of age in a world where teens are already an entrepreneurial force and shows you how to instill the talent, skills, and instincts today's children will need to make the most of their future. Explore the unique opportunities that exist for today's children. Discover the three capabilities that will prepare them for their dramatic journey. Learn three ways in which kids can help create a worthwhile future for themselves. Give them the skills they need to successfully navigate rapid, never-ending change. Continuous technological advancements combined with our children's unprecedented levels of involvement will unleash humanity's next major social and economic evolution: will your child be ready? *The Next Generation* helps you prepare them for their journey to success.
