Corn Tassels:

The Legal Ideology of Removal Tim Alan Garrison, 2009 This study is the first to show how state courts enabled the mass expulsion of Native Americans from their southern homelands in the 1830s Our understanding of that infamous period argues Tim Alan Garrison is too often molded around the towering personalities of the Indian removal debate including President Andrew Jackson Cherokee leader John Ross and United States Supreme Court Justice John Marshall This common view minimizes the impact on Indian sovereignty of some little known legal cases at the state level Because the federal government upheld Native American self dominion southerners bent on expropriating Indian land sought a legal toehold through state supreme court decisions As Garrison discusses *Georgia v Tassels* 1830 *Caldwell v Alabama* 1831 *Tennessee v Forman* 1835 and other cases he shows how proremoval partisans exploited regional sympathies By casting removal as a states rights rather than a moral issue they won the wide support of a land hungry southern populace The disastrous consequences to Cherokees Creeks Choctaws Chickasaws and Seminoles are still unfolding Important in its own right jurisprudence on Indian matters in the antebellum South also complements the legal corpus on slavery Readers will gain a broader perspective on the racial views of the southern legal elite and on the logical inconsistencies of southern law and politics in the conceptual period of the anti Indian and proslavery ideologies *Trail of Tears* Julia Coates, 2014-01-22 This book covers a critical event in U S history the period of Indian removal and resistance from 1817 to 1839 documenting the Cherokee experience as well as Jacksonian policy and Native U S relations This book provides an outstanding resource that introduces readers to Indian removal and resistance and supports high school curricula as well as the National Standards for U S History Era 4 Expansion and Reform Focusing specifically on the Trail of Tears and the experiences of the Cherokee Nation while also covering earlier events and the aftermath of removal the clearly written topical chapters follow the events as they unfolded in Alabama Georgia North Carolina and Tennessee as well as the New England region and Washington DC Written by a tribal council representative of the Cherokee Nation this book offers the most current perspectives incorporating key issues of assimilation sovereignty and Cherokee resistance and resilience throughout The text also addresses important topics that predate removal in the 19th century such as the first treaty between the Cherokees and Great Britain in 1721 the French and Indian Wars the American Revolution proclamation of Cherokee nationality in the 1791 Treaty of Holston and the U S Constitution *Bulletin*, 1891 **Annual Report of the Agricultural Experiment Station of Delaware College** University of Delaware.
