Correlations In Rosenzweig And Levinas:

Correlations in Rosenzweig and Levinas Robert Gibbs, 1994-10-03 Robert Gibbs radically revises standard interpretations of the two key figures of modern Jewish philosophy Franz Rosenzweig author of the monumental *Star of Redemption* and Emmanuel Levinas a major voice in contemporary intellectual life who has inspired such thinkers as Derrida Lyotard Irigaray and Blanchot Rosenzweig and Levinas thought in relation to different philosophical schools and wrote in disparate styles Their personal relations to Judaism and Christianity were markedly dissimilar To Gibbs however the two thinkers possess basic affinities with each other The book offers important insights into how philosophy is continually being altered by its encounter with other traditions *Gendering Modern Jewish Thought* Andrea Dara Cooper, 2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In *Gendering Modern Jewish Thought* Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all male fraternity of twentieth century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non normative individuals *Gendering Modern Jewish Thought* suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters **German-Jewish Thought Between Religion and Politics** Christian Wiese, Martina Urban, 2012-03-30 Since the Enlightenment period German Jewish intellectuals have been prominent voices in the multi faceted discourse on the reinterpretation of Jewish tradition in light of modern thinking Paul Mendes Flohr one of the towering figures of current scholarship on German Jewish intellectual history has made invaluable contributions to a better understanding of the religious cultural and political dimensions of these thinkers encounter with German and European culture including the tension between their loyalty to Judaism and the often competing claims of non Jewish society and culture This volume assembles essays by internationally acknowledged scholars in the field who intend to honor Mendes Flohr s work by portraying the abundance of religious philosophical aesthetical and political aspects dominating the thinking of those famous thinkers populating German Jewry s rich and complex intellectual world in the modern period It also provides a fresh theoretical outlook on trends in Jewish intellectual history raising new questions concerning the dialectics of assimilation In addition to that the volume sheds light on thinkers and debates that hitherto have not been accorded full scholarly attention **Jewish Messianism and the History of Philosophy** Martin Kavka, 2004-05-10 *Jewish Messianism and the History of Philosophy* contests the ancient opposition between Athens and Jerusalem by retrieving the concept of meontology the doctrine of nonbeing from the Jewish philosophical and theological

tradition For Emmanuel Levinas as well as for Franz Rosenzweig Hermann Cohen and Moses Maimonides the Greek concept of nonbeing understood as both lack and possibility clarifies the meaning of Jewish life These thinkers of Jerusalem use Athens for Jewish ends justifying Jewish anticipation of a future messianic era as well as portraying the subjects intellectual and ethical acts as central in accomplishing redemption This book envisions Jewish thought as an expression of the intimate relationship between Athens and Jerusalem It also offers new readings of important figures in contemporary Continental philosophy critiquing previous arguments about the role of lived religion in the thought of Jacques Derrida the role of Plato in the thought of Emmanuel Levinas and the centrality of ethics in the thought of Franz Rosenzweig

Heidegger and His Jewish Reception Daniel M. Herskowitz, 2020-10-08 In this book Daniel Herskowitz examines the rich intense and persistent Jewish engagement with one of the most important and controversial modern philosophers Martin Heidegger Contextualizing this encounter within wider intellectual cultural and political contexts he outlines the main patterns and the diverse Jewish responses to Heidegger Herskowitz shows that through a dialectic of attraction and repulsion Jewish thinkers developed a version of Jewishness that sought to offer the way out of the overall crisis plaguing their world which was embodied as they saw it in Heidegger's life and thought Neither turning a blind eye to Heidegger's anti-Semitism nor using it as an excuse for ignoring his philosophy they wrestled with his existential analytic and what they took to be its religious ethical and political failings Ironically Heidegger's thought proved itself to be fertile ground for re-conceptualizing what it means to be Jewish in the modern world

Franz Rosenzweig and Scripture Mara H. Benjamin, 2005

A History of Modern Jewish Religious Philosophy Eliezer Schweid, 2022-11-07 The last generation of German Jewish philosophers brought the long tragic history of German Jewish creative thought to a close in a blaze of glory while transitioning to the new Jewish creative centers in Israel and America The best known Buber Rosenzweig Baeck Strauss Scholem and the less known Breuer Birnbaum Klatzkin Aviad Wolfsberg Guttman are thoroughly explicated here with generous primary text citations appearing in English for the first time making this a rich sourcebook and reference for the thinkers presented

Selfhood and Transcendence Samuel Aaron Moyn, 2000

Levinas Studies Jeffrey Bloechl, 2007

Emmanuel Levinas Salomon Malka, 2006 An in depth biography of Emmanuel Levinas twentieth century ethical philosopher and religious thinker that details Levinas's life and his contributions to modern continental thought Malka's journalistic approach includes personal accounts from Levinas's family friends colleagues and students Provided by publisher

Jewish Philosophy and the Academy International Center for University Teaching of Jewish Civilization, 1996 Jewish Philosophy and the Academy reflects in broad terms on the current state of Jewish philosophy in the university This generation of university teachers lives at a unique historic junction It is the last to be taught by the giants of European Wissenschaft des Judentums and the first to experience the remarkable expansion of Judaic scholarship in Israel and abroad Emil Fackenheim suggests that if we are indebted to Athens for the philosophical method we are also indebted to Jerusalem for the ethical content of philosophy which is both an intellectual and a moral
