## Correspondence Of Thomas Reid:

**The Correspondence of Thomas Reid** Thomas Reid, Paul Wood, 2002 Thomas Reid 1710 1796 is now recognized as one of the towering figures of the Enlightenment Best known for his published writings on epistemology and moral theory he was also an accomplished mathematician and natural philosopher as an earlier volume of his manuscripts edited by Paul Wood for the Edinburgh Reid Edition Thomas Reid on the Animate Creation has shown The Correspondence of Thomas Reid collects all of the known letters to and from Reid in a fully annotated form Letters already published by Sir William Hamilton and others have been reedited and roughly half of the letters included appear in print for the first time Writing in 1802 Reid's disciple and biographer Dugald Stewart doubted that Reid's correspondence would be generally interesting This collection proves otherwise for the letters illuminate virtually every aspect of Reid's life and career and in some instances provide us with invaluable evidence about activities otherwise undocumented in his manuscripts or published works Through his correspondence we can trace Reid's relations with contemporaries such as David Hume and his colleagues at both King's College Aberdeen and the University of Glasgow as well as his engagement with the most controversial philosophical scientific and political issues of his day If anything the letters assembled here serve as the starting point for understanding Reid and his place in the Enlightenment

**God, the Good, and the Spiritual Turn in Epistemology** Roberto Di Ceglie, 2022-08-18 In this book Roberto Di Ceglie offers an historical theological and epistemological investigation exploring how commitments to God and or the good generate the optimum condition to achieve knowledge Di Ceglie criticizes the common belief that to attain knowledge one must always be ready to replace one's convictions with beliefs that appear to be proven He defends a more comprehensive view historically exemplified by outstanding Christian thinkers whereby believers are expected to commit themselves to God and to related beliefs no matter how convincing the evidence contradicting such beliefs appears to be He also argues that both believers and unbelievers can commit themselves to God and the good respectively thereby creating a spiritual turn in epistemology

that enables them to generate the best possible condition for conducting rational enquiries and discussion      *William Thomas Reid Papers* William Thomas Reid, 1880 Boxes 1 2 letterpress copy books 1875 1907 containing copies of his letters to other educators faculty and administrative officers of the University of California parents and students at U C and Belmont School and prominent Californians relating to his career as principal of Boys High School San Francisco and as president of the University of California 1881 1885 Also includes loose letters removed from letterpress volumes formerly in box 3
